Key Control

Medeco's Approach

The security of any locking system is dependent upon two very important factors. The first is protection against attacks such as picking, drilling, bumping, and forcing. The second is the ability to control duplication of existing keys. Historically, unauthorized key duplication has played a major role in compromising even the most sophisticated security systems. Anyone with even temporary access to original keys has no problem getting duplicates made for their own use if the keys and key blanks are not patent protected. Even stamping "Do Not Duplicate" on a key merely warns someone not to copy the key – it is not a promise of legal protection or enforcement. The only way to ensure that keys cannot be copied without the consent of the owner is a key system with patent-protected keys.

Medeco has counteracted the key control problem by doing three things:

1. Medeco manufactures cylinders which use keys that must be made on special key cutting machines. These machines are capable of reproducing the angled cuts and critical tolerances necessary to produce a workable Medeco key, and are not found at general hardware stores.
2. Medeco only sells its high-quality, precision machined cylinders and locks to security industry professionals. Every restricted Medeco key blank is custom coined and tracked by Medeco to identify it as an authorized key blank, which protects against unauthorized copies.
3. Medeco invests heavily in research and development to establish strong patents and legal agreements to protect its locks and key blanks from unauthorized distribution or manufacture. As a result, Medeco can litigate to protect its rights and the security of its customers.

A Key Control Program That's Right for You

Not every user has the same key control needs. That's why Medeco has designed different key control programs and different keyways to meet a wide range of security specifications and key access requirements.

Dealer/Service Center

This program offers instant local access to additional keys with protection from unauthorized copying. Consumers simply return to the security provider from which they purchased the locks. This security professional will have a signature card on file completed by the owner of the key system at the time the system was installed.

Card Programs

Authorized individuals are issued a card with embossed control data and a space for their signature. To obtain key duplicates, card holders present the card to any participating Medeco security professional. The data and signature will be verified and a key can then be issued. A card program is ideal for residences or businesses that need keys available nationwide.

End User Program

The End User program is for large facilities that have their own locksmith on staff and that want to produce Medeco keys themselves. This program offers individualized control over key duplication procedures.

Commercial Program

The Commercial Program is designed for users who use Medeco locks primarily for protection against picking, drilling and other forms of physical attack. Keys may be obtained from any Medeco locksmith without specific authorization.

Factory Program

Additional keys are only available from the Medeco factory and only with the proper signature.

Intelligent Key Systems

Intelligent Key Systems allow the end user the ability to control their own system to electronically change access to any cylinder or key onsite and to obtain audit information.

Visit our website at www.medeco.com for more information on all key programs.

MEDECO® KEY CONTROL PROGRAM REFERENCE CHART

M4	= Medeco 4 patent expiration date: 2040.		Permission for copying keys is obtained by presenting a signed authorization card, which is matched to proper identification.
M3	= Medeco ³ patent expiration date: 2021. Upgrading to Medeco 4 recommended.		Permission for copying keys is provided by identification and signature verification, which must be presented to either the original locksmith provider or the facility manager.
BIA	= Biaxial patent expiration date: 2005. Upgrading to Medeco 4 recommended.		Keys can be cut on-site by dealers or end-users that are contracted to participate in the respective key program.
ORG	= Original patent expiration date: 1985. Upgrading to Medeco 4 recommended.		Keys are ordered locally and cut at a regional service center and then shipped back to the dealer.
X4	= Medeco X4 patent expiration date: 2030.		Keys are cut at the Medeco factory and shipped to dealer. Authorization is provided by signature verification.
KM	= KeyMark patent expiration date: 2011.		Medeco recommended high security—UL 437 Listed, ultimate Grade 1 strength, and A156.5-2001 and A156.30 Level A Certified.

REFERENCE CHART

= Permission for copying keys is obtained by presenting a signed authorization card, which is matched to proper identification.

= Permission for copying keys is provided by identification and signature verification, which must be presented to either the original locksmith provider or the facility manager.

= Keys can be cut on-site by dealers or end-users that are contracted to participate in the respective key program.

= Keys are ordered locally and cut at a regional service center and then shipped back to the dealer.

= Keys are cut at the Medeco factory and shipped to dealer. Authorization is provided by signature verification.

Submitting Orders to Medeco:

For greater efficiency and to create the best ordering experience, orders may be submitted through three order channels: eBusiness, Email or Fax.

eBusiness Order Channel

Benefit: Immediately transmit clean orders to reduce entry time to speed up delivery.

EDI

EDI stands for Electronic Data Interchange. It's the easiest method to use for the transmission of orders. Orders are generated directly from your ERP system and sent directly into Medeco's order entry system. EDI allows for instant and accurate transmission.

Medeco WebShop

Online Order Entry is a convenient web-based form which allows customers to easily use drop-down menus and filtering options to assist with product search and selection. A perfect part number is selected every time!

Visit <http://extranet.assaabloydss.com> to access.

Email Order Channel

Benefit: Immediately submit your orders directly into our Digital Filing System to speed up processing time.

In USA and International (except Canada):

orders.medeco@assaabloy.com ; In Canada: orders.medeco.ca@assaabloy.com

Emailing orders in USA and International (except Canada):

orders.medeco@assaabloy.com ; in Canada: orders.medeco.ca@assaabloy.com

This allows customers to submit purchase orders directly into Medeco's Digital Filing System. Once the order is submitted by email, an automatic email notification is sent stating the order has been received by Medeco, thus ensuring the order was not lost in transmission.

Fax Order Channel

Benefit: Immediately submit orders directly into our Digital Filing System to speed up processing time. Typed submissions receive EDI benefits of faster processing and accuracy.

USA Fax: 800.421.6615

Canada Fax: 888.263.3326

International Fax (except Canada): 540-380-1634

Faxing orders in USA: 800.421.6615 ; Canada: 888-263-3326 allows customers to submit purchase orders directly into Medeco's Digital Filing System. If a faxed order is typed versus handwritten, Medeco will be able to use an internal tool to send typed, faxed orders through the EDI portal to create faster order processing and reduce entry errors.

Special Pricing (SP) and Quotations

The SP or quote number must be referenced on the order, when submitted for processing. Any invoiced order that has the incorrect discount applied to it and did not have the SP or quote number written on the order will have a service fee of \$100.00 net DEDUCTED from any sales credit issued for the difference in the discount.

Medeco is continually developing online resources to make ordering, system management and training quicker and easier than ever. Ask your Medeco representative for more information or contact:

In USA: Customer Care Department at 877-633-3261, or customerservice.medeco@assaabloy.com.

In Canada: Customer Care Department at 888-633-3264, or customerservice.medeco.ca@assaabloy.com.

Medeco WebShop

The new online order entry site for Medeco products, Medeco WebShop is the quickest method to submit orders directly to the Medeco factory. It makes ordering your favorite Medeco products easier than ever before! Products are searchable by technology and type, with complete descriptions and photos. Save time by creating custom lists of commonly ordered products.

Medeco Key System Design Studio

The Medeco Key System Design Studio is an online portal that has taken the complexity out of master key design. Users simply answer a few questions about the project's system parameters and system management capabilities. Each click walks the user through the entire process: plan design, products ordering, and processing through Medeco.

Key System Design Studio		Date 07/07/2017
New Masterkey System Specification		
Customer/Contractor/Hardware Dealer	Contact	
John Doe	(555)555-4355	
100 Main St.	John.Doe@assabloy.com	
New York, NY 100-100		
End User/Job Name	System Parameters	

- Saves time by eliminating questions and missing information.
- Speeds up master key order and system processing
- Provides real-time master key assistance via integrated chat with a Master Key Specialist
- Allows users to manage their submitted master key systems

Both the Medeco Key System Design Studio and Medeco WebShop are located on the ASSA ABLOY DSS Extranet, in the same location as crcDash. If you do not have a DSS Extranet login, please contact the Medeco Customer Care department for a registration form today!

In USA: Phone: 877-633-3261 • Email: customerservice.medeco@assaabloy.com

In Canada: Phone: 888-633-3264 • Email: customerservice.medeco.ca@assaabloy.com

ROA Portal Record of Authorization Digitization

The Record of Authorization (ROA) portal allows an end-user to authorize another purchaser on their behalf, instantly. The ROA portal allows an authorized end-user to sign, manage, and authorize ordering restricted Medeco products such as key blanks and pinned cylinders with a few clicks of a button. The ROA portal is the quickest way to reduce processing time with Medeco's authorization requirements. See complete guide to ROA Portal, pages 10-11.

Training

Factory certification is offered on a regular basis at Medeco's Salem, Virginia facility and at other facilities around the United States and Canada.

Medeco® offers factory certification classes with a comprehensive study of our patented Medeco 4 technology used in Medeco® cylinders. Additionally, we offer certification classes for our Medeco X4®, CLIQ, and Medeco XT product lines.

Overviews of other Medeco® technologies and product lines are available online at the ASSA ABLOY Academy. Here you will find installation videos, product overview videos, sales technique videos and many other tools to assist you. To visit the online University, please visit www.assaabloyacademy.com. If you do not already have an account, you will need to register for one. Registration and online classes are complimentary.

Medeco® ROA Portal

Record of Authorization User Guide

Medeco is working to improve customer experience by streamlining the order authorization process.

Medeco's Record of Authorization (ROA) Portal reduces order processing time by allowing an authorized end-user to sign, manage, and authorize ordering restricted Medeco products such as key blanks and pinned cylinders with a few clicks of a button. The ROA portal also allows an end-user to authorize another purchaser on their behalf, instantly.

Using the ROA portal, you can set up what type of product you're authorizing the Medeco dealer or distributor to order on your behalf: cut keys, pinned product, and/or key records. You can select more than one, or all the options.

You can also add another authorized user under your available registry numbers and/or restricted key codes by selecting the +Add Authorized user button, and providing the email address for the additional authorized signer you would like to add. A live chat function is simply a click away if you have any questions.

The Record of Authorization process via the ROA portal is legally binding and carries the same contractual agreement as a physical letter of authorization. For more information, visit our website or contact the Medeco Customer Care Department.

Register

- Go to ROA.medeco.com and click the "Register Now Button"
- Fill in the required field in the registry form

Note: Information required includes the key system registry number or restricted key code. If the registry number or key code is unknown, click the "Where to Find" button to see where the information can be found. If the registry number or key code still cannot be determined, contact customer service via the Live Chat button or call **877-633-3261** for assistance. Once registration is submitted and approved, an email is sent to the authorized user confirming registration.

Features:

- Protects against unauthorized duplication of your keys.
- Simplifies the restricted product and key order authorization process without compromising your security.
- Fast, Reliable & Accurate – allows immediate changes to authorization.
- Easily add and remove additional authorized signers within your facility.
- Easily add and remove authorization for a Medeco Dealer/Distributor to purchase on your behalf.
- Speeds up the authorization process.
- Establish a time-constrained record of authorization.
- Set up order-specific authorization for one-time purchase.
- Integrated Chat functionality.

Medeco Security Locks
3625 Alleghany Drive
Salem, VA 24153
877.633.3261

www.medeco.com
customerservice.medeco@assaabloy.com

Log In

Use established credentials to log in to the site and begin setting up authorizations. Once logged in, all restricted key codes and registry numbers associated with the account will be displayed. If not all systems and/or codes are visible, contact customer service for assistance.

Set Up Authorizations

Click on "View Authorization" next to the appropriate key code or registry number to set up the record of authorization for that system. Several options for establishing records of authorization will be displayed. They include:

Add ROA

Use to establish a time-constrained ROA, including a blanket authorization.

- Select the dealer to be authorized to purchase on your behalf via the search bar.
- Select the expiration of the authorization: Never (blanket), 1 month, 6 months, 1 year or custom date.
- Select what type of product will be purchased on your behalf: cut keys, pinned product, and/or key records.

Click "Add ROA" to complete the authorization

Order Specific ROA

Use to establish a one-time use record of authorization to allow a dealer or distributor for a specific order.

- Select the dealer to be authorized to place the one-time order on your behalf via the search bar.
- If known, provide the Purchase Order (P.O.) number the dealer or distributor will associate with the order.
- Indicate the quantities of the cut keys and/or cylinders that will be ordered.
- Click "Add ROA" to complete the authorization (**Note** the Order Specific ROA will expire after one use and cannot be used as a "blanket" (non-expiring) authorization).

Authorize Keyblanks

Use to establish authorization for a contracted Medeco Dealer or Distributor to purchase keyblanks on your behalf.

- Select the dealer to be authorized to place the order for keyblanks on your behalf via the search bar.
- Specify the quantity of keyblanks that will be authorized for purchase.
- If known, provide the Purchase Order (P.O.) number the dealer or distributor will associate with the order.
- Click "Add ROA" to complete the authorization.

Removing/Adding Authorizations

Once "Add ROA" has been selected, authorization has been established for the Medeco dealer or distributor to order on your behalf. The authorization will remain in effect until expired or will continue indefinitely in the case of a blanket authorization. Authorization to order can be removed at any time.

Remove an Authorization

Use to remove a dealer or distributor's authorization to order on your behalf.

- Click the "X" beside the ROA for the dealer or distributor you want to remove. This ROA is now cancelled and will need to be completed again to re-establish.

Add an additional authorized user

Additional authorized users within your facility can be added

to restricted key codes or registry systems at any time. There is no limit to the number of authorized users, but Medeco recommends keeping only the minimum number of individuals required as active users for security purposes.

To add a new user:

- Click "+ Add Authorized User" button.
- Provide the email address for the additional authorized user.

The Record of Authorization process via the ROA portal is legally binding and carries the same contractual agreement as a physical letter of authorization.

For more information, visit our website or contact the Medeco Customer Care Department at: customerservice.medeco@assaabloy.com.

Medeco Shipping & Returns Policies**Pricing:**

All published prices are subject to change without notice and are not guaranteed. All shipments will be made at prices prevailing at time of shipment. We reserve the right to correct typographical, clerical, editorial, pricing, quantity, or any other errors in this or any publications produced by Medeco Security Locks, Inc. without prior written notice or disclaimer.

**Changes/Cancellations
of Orders Policy:****– Order Changes:**

Changes made to orders after order acknowledgement or scheduling will result in a 10% change fee.

**– Rescheduling orders and delayed
shipments (blanket purchase
orders):**

Orders will be scheduled by agreement. However, orders may be rescheduled or delayed by Customer within 7-days (1 week) of initial acknowledgement without a change fee. Orders rescheduled or delayed after the 7-day period will be subject to a 10% change fee. Notification of rescheduling or delay must be in writing via email and can be sent to orders.medeco@assaabloy.com. Please reference the order number.

– Order cancellations:

Cancellation of orders after order acknowledgement/scheduling shall result in a 10% cancellation fee. If an order or a portion of an order is cancelled and products have already been manufactured and prepped for shipping, a 50% restocking fee will apply.

Shipping Charges:

For most U.S. customers, published freight rates will apply. Contact Medeco Customer Service for more information about Medeco's shipping and handling charges.

Freight:

All U.S. orders are shipped FOB origin: When delivered to the Transportation Company, Purchaser assumes risk of loss or damage in transit.

Customers Outside the U.S.:

Due to specific taxes, import/export fees, and exchange rates, pricing and shipping will vary from U.S. list prices for customers in Canada and elsewhere outside the United States.

Note: Some products may not be available in Canada as well as some of the programs offered in this price book may differ between the USA and Canada. Please contact your sales representative for more information.

Product Returns:

Medeco accepts product returns if the product is defective from a manufacturing flaw. If you need to make a return, fill out an RGA Form and fax it to:

In USA: 800-421-6615

In Canada: 888-263-3326

or email to:

In USA:

orders.medeco@assaabloy.com

In Canada:

Outside the USA (except Canada):
orders.medeco.ca@assaabloy.com

The RGA Number must be visible on the outside of any package returned to Medeco. The RGA form can be found on Medeco.com, the Extranet, or by contacting Customer Service at 877-633-3261 or CustomerService. Medeco@assaabloy.com.

Damaged Goods:

All orders are carefully filled, checked, and packaged. However, on rare occasions, a package may be damaged in transit. If this occurs, please make note of it on the delivery receipt before signing. To return merchandise that was damaged during the shipping or delivery process, call Medeco Customer Service.

Partial Shipments:

If all items on your order are not available at the time your order is processed, you must specify whether you want Medeco to hold the shipment until it is complete or send partial shipments as items are available. Orders received without specific shipping instructions will be filled at the discretion of Medeco.

Medeco® Standard and Extended Warranty Mechanical & Intelligent Key Products

Medeco Security Locks Inc. ("Medeco") warrants to the original purchaser of a Medeco branded lock, lock cylinder, or Intelligent Key hardware product (referred to collectively as "Product") to be free of defects in material and/or workmanship for a period of two (2) years from the date of original purchase for use. This Warranty may also apply to other specific products. For additional Warranty information or Warranty claim service, contact Medeco Customer Service at (877) 633-3261 or in Canada (888) 633-3264.

An Extended Warranty for Intelligent Key products is available for purchase. Please contact your local Medeco Representative for additional details.

In the event of a defect in material or workmanship during the Warranty period, Medeco will repair or replace (at its option) the Product under the conditions of this Warranty, this action being the sole remedy available to the purchaser under this express limited Warranty.

Limitations, Exclusions and other Rights:

- a. Medeco disclaims liability for implied warranties, including but not limited to those of merchantability or fitness for any particular purpose.
- b. Medeco disclaims liability for indirect, incidental or consequential damage at any time.
- c. Intelligent Key batteries are not covered under this warranty or any extended warranty.
- d. This Warranty gives specific legal rights, and a buyer may also have other rights that may vary from state to state. Some states do not allow limitations on indirect, incidental, and consequential damages or implied warranties so that the above limitations may not fully apply.
- e. Medeco mechanical keyblanks are made from a special nickel silver alloy. Medeco warrants its mechanical keys against defects in workmanship or breakage for the life of the Product. Bitted Medeco keys must be precisely cut to exact angles and depths, and require special duplication. This Warranty shall be void and Medeco disclaims liability of any kind in the event any key other than a genuine Medeco key has been used with the Product or that the key has been cut on any machine other than a Medeco or Medeco-approved key cutting machine.
- f. Medeco CLIQ Intelligent keys are covered for one (1) year against breakage (mechanical blade only).
- g. Medeco Intelligent Keys Cabinets (IKC) are covered under this two (2) year warranty. Within that time frame, Medeco will repair or replace any component that is found to have a defect.
- h. Medeco shall not be held responsible for product complaints or product damage arising from, in its sole judgment, and absence of user training, improper installation, failure to provide normal maintenance, extreme environmental conditions, use rates in excess of the industry standards defined for the type of product, use of incompatible parts or products not made or authorized by Medeco, or application of force not resulting from normal use.
- i. Unless otherwise specified by separate warranty, finishes are warranted for a period of two years following purchase for use. This finish Warranty shall be considered void after installation if, in the sole judgment of Medeco, the damage to the finish is the direct result of extreme climatic conditions, chemical or abrasive actions.

Medeco Standard Terms and Conditions of Sale

Effective January 1, 2024

Special terms may be applied for special circumstances and by mutual agreement.

These Medeco Standard Terms and Conditions of Sale (these "Terms and Conditions") set forth the entire agreement between "Medeco," the company named on the face hereof (or the document attached or linked hereto) and the "Buyer," the person or entity who accepts Medeco's quotation for the sale of Products or whose order for Products is accepted by Medeco. Unless otherwise agreed in writing by Medeco, these Conditions shall apply to and govern all contracts for the sale and supply of goods ("Products"), between Buyer and Medeco and all orders are accepted in accordance with these Conditions.

1. Prices:

Prices are subject to change without notice. No prices are guaranteed unless accompanied with an official price quotation from Medeco. All quotations are valid for 90 days unless otherwise noted but represent no obligation until Medeco accepts Buyer's order.

Pricing for orders with requested ship dates greater than 90 days in the future, including blanket orders, may be adjusted by Medeco to Medeco's prevailing prices at the time of shipment.

Buyer's possession of Medeco's price list does not constitute an agreement to sell.

Medeco may, under exceptional circumstances (e.g., supply chain / cost variances) and in its sole and absolute discretion, adjust pricing to match Medeco's prevailing prices at the time of shipment.

2. Terms:

All sales are net 30 days unless otherwise agreed in writing. Late accounts shall bear interest at a rate of 1-1/2% per month.

3. Delivery:

Unless otherwise prearranged, Buyers shall be invoiced F.O.B. Shipping Point. buyer's freight terms shall be by mutual agreement as negotiated yearly. Freight will be charged according to Medeco's prevailing freight policy. If Buyer selects a carrier with a higher rate, Buyer will be charged the rate difference. Cartage charges for delivery from freight terminal to Buyer's warehouse are for Buyer's account. When delivered to the transportation company, all shipments become the property of the Buyer, who assumes the risk of loss or damage in transit.

4. Acceptance:

Medeco reserves the right to decline an order, in whole or in part, when the type or quantity of Products or credit worthiness of Buyer is not satisfactory to Medeco in its sole and absolute discretion.

Purchase orders, quote requests, order acknowledgements, or other similar transaction materials issued by the Buyer that have contrary standard terms and conditions are not binding on Medeco, unless such terms and conditions are approved in a separate written agreement by Medeco's authorized representatives. In the event of an acceptance of the Buyer's purchase order by Medeco, or Buyer's acceptance of Medeco's quote or proposal, the Buyer agrees that such acceptance is solely limited to and conditioned upon the Buyer's acceptance of these Terms and Conditions, which may not be changed or waived except in a separate writing signed by the parties. In any event, acceptance by Buyer of the Products shall be deemed unqualified acceptance of these Terms and Conditions and no course of action shall be deemed to modify these Terms and Conditions.

5. Invoicing:

Medeco has a minimum order value of \$50 except for service orders for cut keys or replacement cards, for which a minimum charge of \$25.00 net will be applied.

Minimum order charges are not imposed on the following types of orders:

- a. Partial shipments.
- b. Returned Products (must be accompanied by Medeco's return authorization number).
- c. Search fee for key codes.

6. Returned Goods:

Any defects or errors in Products, reported within the stated warranty or notice period, for which Medeco is wholly responsible, will be promptly rectified. Returns based upon customer error may be returned at Medeco's option with a minimum 50% restocking fee and only within 90 days of date of invoice.

Approval for return of merchandise must be requested from Medeco and, when

granted, a return authorization number shall be issued to Buyer. No return will be accepted unless the shipping container carries the return authorization label.

7. Claims:

In the event of [Buyer or Medeco] error, claims for shortages, pricing errors, and/or incorrectly filled orders must be submitted in writing to Medeco Customer Service within 30 days from receipt of material. Any claims for shortages or damage by the carrier must be made by the buyer directly to the carrier. Limited carrier insurance is typically offered for all orders. If the customer requires or desires additional insurance, please contact a Medeco Customer Service representative upon submittal of the order. Medeco will obtain requested insurance and the additional costs will be included on the customer's invoice.

8. Invoice Deductions:

A Medeco Credit representative must be notified of any disputed invoices within 60 days from the date of invoice. Deductions should only be taken for the disputed amount and the balance of the invoice is due and payable with standard payment terms.

9. Change in Orders:

Changes on orders cannot be made after Medeco's acknowledgement is received by Buyer, except on Medeco's written approval and with a quoted price covering cost of making the change, on which a bona fide order must be issued by Buyer authorizing the change and the cost involved.

10. Incomplete Orders:

Orders lacking complete information for order entry will be held for receipt of complete information. Once notified of the information needed, Buyer will have 10 business days to reply with a plan to supply the missing information, or the order may be suspended.

Continued on the next page.

Medeco Standard Terms and Conditions of Sale (Continued)

11. Cancellations:

Cancellations will not be accepted unless no loss will be incurred by Medeco. Requests for cancellation must be in writing.

12. Packing and Cartage:

Unless otherwise stated, prices shall include all charges for Medeco's usual packing and crating and for cartage to F.O.B. point. Medeco shall not be obligated to provide special containers unless specified and agreed to in advance in writing by Medeco.

13. Allocation:

If sufficient Products are not available for any reason, Medeco may allocate Products among its customers. Allocation of Products pursuant to this Section shall completely satisfy and discharge Medeco's supply obligations and Medeco shall, therefore, not be deemed to be in breach of such obligations.

14. Taxes And Government Regulations:

Any license fee, property, sales, use or excise tax which may be levied, assessed, or imposed by government authority on any of Medeco's Products shall be added to the price therefore and be paid by the Buyer. Any increase in Medeco's costs in purchasing materials or in manufacturing, processing, selling, or delivering its Products resulting from any governmental tax or regulation or industry shall be added to the selling price and be paid by the Buyer.

15. Dies, Patterns and Special Tools:

Materials, tools, and equipment required to fill any sales contract or order issued by Buyer shall be furnished by Medeco, unless otherwise specified. If any materials, tools and/or equipment are furnished by or on behalf of Buyer for use by Medeco, they shall be of good quality and workmanship and sufficient for the intended purpose. Any such materials, tools or equipment furnished by or on behalf of Buyer to Medeco on other than a charge basis shall be held by Medeco as Buyer's property and Medeco shall account therefore, provided that Buyer shall allow for a reasonable wear or scrap loss on materials.

16. Warranty:

Medeco warrants that all Products will conform with applicable drawings and

specifications agreed upon in writing by Medeco, it being understood that reasonable variances not impairing the usefulness thereof shall be allowed, that said Products will be free from material defects in material or workmanship which impair the usefulness thereof within the stated warranty period. If any Product shall fail to conform therewith or be materially defective, Buyer's sole and exclusive remedy against Medeco will be for the repair or replacement of the defective Products, such repair or replacement to be at Medeco's sole discretion. EXCEPT AS PROVIDED IN THIS SECTION 16, MEDECO HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, AT LAW OR IN EQUITY, WITH RESPECT TO THE PRODUCTS OR THEIR CHARACTERISTICS, QUALITY, PERFORMANCE OR VALUE, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHTS OF THIRD PARTIES.

17. Limitation of Liability:

IN NO EVENT SHALL MEDECO BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER IN CONTRACT, WARRANTY, NEGLIGENCE, TORT, STRICT LIABILITY, OR OTHERWISE. Medeco's liability on all claims, whether in contract, warranty, negligence, tort, strict liability or otherwise for any loss or damage arising out of, or connected with an order or the performance or breach thereof, or from the design, manufacture, sale, or delivery of products shall in no case exceed the lesser of [\$X] and the purchase price of the products Under the applicable order. THE PARTIES AGREE THAT IN NO EVENT SHALL MEDECO BE LIABLE TO BUYER, A USER, OR ANY THIRD PERSON FOR LOSS OR DAMAGES TO PROPERTY RESULTING FROM FAILURE OF MEDECO'S PRODUCT(S) TO OPERATE OR TO FUNCTION PROPERLY, NOR ANY INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES RESULTING THEREFROM. BUYER SHALL OBTAIN ITS OWN INSURANCE COVERING PERSONAL INJURY AND PROPERTY LOSS OR DAMAGE TO ITS PREMISES, AND HEREBY AGREES TO INDEMNIFY MEDECO AGAINST ALL CLAIMS OF THIS NATURE.

18. Delays:

Medeco shall not be liable for any loss or damage caused by delays or defaults in

performance hereunder due to any cause that is beyond Medeco's control, including but not limited to strikes, lockout or trade disputes (whether involving its own employees or those of any other person), breakdown of machinery, riots, fires, accidents, governmental interference or embargoes, shortages of materials, fuel, labor, supplies or transportation, or due to any cause of a like or different nature beyond its control. The existence of any such cause of delay shall extend the time of performance or delivery of any order or any uncompleted portion thereof by the time or times required removing any such excusable cause or causes of delay.

Additionally, should any such event occur, Medeco may cancel or suspend any order of Products made by Buyer without incurring liability to Buyer for any loss or damage.

19. Modifications:

Unless otherwise agreed to in writing by Medeco, the Terms and Conditions in effect at the time of order acceptance shall constitute the entire contract between the parties hereto and no agreement or other understanding in any way modifying, affecting, or canceling same will be binding unless made in writing, signed by an officer of Medeco and a duly authorized representative of Buyer. Stenographic and clerical errors or omissions are subject to corrections. Buyer shall reference the current version of Medeco's Terms and Conditions as referenced on its website at the time of transaction, as Medeco may make modifications from time to time without specific notice to Buyers. These Terms and Conditions shall apply to all future spot sales from Medeco to Buyer unless a written contract therefore has been entered into by the parties.

20. Compliance with Law:

Each party agrees to comply with all other state, Federal, and local laws applicable to its performance hereunder.

21. Financial Responsibility:

All shipments shall at all times be subject to the approval of Medeco's Credit Dept. In the event of any proceedings by or against Buyer in bankruptcy or insolvency, voluntary or involuntary, or under Chapters X or XI of the Bankruptcy Act of

Continued on the next page.

Medeco Standard Terms and Conditions of Sale (Continued)

the United States or for the appointment of a receiver or trustee or an assignee for the benefit of creditors of the property of Buyer, or if Medeco shall deem Buyer's financial responsibility in doubt, or if Buyer fails to make any payment in accordance with the terms of the contract. Medeco may, at its election, stop production under the contract, defer shipment or decline to ship, stop any goods in transit, or Medeco may terminate the contract, all without liability and without prejudice to Medeco's rights for any sums owing to Medeco.

22. No Assignment:

These Terms and Conditions are not assignable or transferable by Buyer, in whole or in part, without the prior written consent of Medeco.

23. Waiver:

Any waiver of strict compliance with these Terms and Conditions shall not be a waiver of the right to insist upon strict compliance with the terms hereof thereafter.

24. Governing Law:

These Terms and Conditions and all orders hereunder shall be interpreted, construed and governed by the laws of the Commonwealth of Virginia, without regard to its principles of conflicts of laws, and all actions shall be brought in the appropriate state or federal courts located in the Commonwealth of Virginia.

25. Trademarks:

Buyer shall not use the trademarks of Medeco without Medeco's prior written approval. No license or right to use Medeco's trademarks is implied or granted. Buyer shall defend, indemnify and hold Medeco harmless from and against any expense, judgment, liability or loss including reasonable attorneys' fees, resulting from any claim of infringement of any patents, trademarks or other third party property rights which result from Medeco's compliance with Buyer's specifications or instructions.

26. No Third Party Beneficiaries:

These Terms and Conditions are for the sole benefit of the parties hereto and their successors and permitted assigns, and nothing herein expressed or implied shall give or be construed to give to any person other than the parties hereto and such successors and permitted assigns, any legal or equitable rights hereunder.

27. Relationship of Parties:

Nothing contained herein shall be construed to create an association, joint venture, trust, or partnership, or impose a trust or partnership covenant, obligation, or liability on or with regard to the parties. Each party shall be individually responsible for its own covenants, obligations, and liabilities under these Terms and Conditions.

Medeco® Construction Core Policy

Here are the details for the new construction core policy:

- Available in Medeco 32 and 33 series cylinders
- All orders must include operating and control key quantities or order may be delayed
- \$50 list per key
- Keys are ordered separately
- Cylinder face color = orange
- 75% credit on original price for returned keys and cores – if returned in first 12 months
- 50% credit if returned in 13-36 months
- No returns after 36 months

Part Numbers:

LFIC Construction Core: 320201CC RY R1. \$204.42

SFIC Construction Core: 33600006 RY CC K. \$99.44

Medeco® Professional Services

To achieve optimum performance of your new key system, Medeco recommends professional design and implementation services. Services include system planning, system deployment, team training and ongoing support.

Medeco Professional Services: Making the most out of your investment

Over our 55 year history, Medeco has established a reputation for developing high-quality products that provide unparalleled security. Yet, high-quality products alone do not guarantee a successful deployment. To achieve optimum performance of your new intelligent Key System, Medeco recommends professional design and implementation services.

Medeco Professional Services includes a variety of offerings that will help you gain additional value from your technology investment. Professional Services include:

Professional Services

System Planning Services

Medeco Professional Services provides consulting expertise that utilizes industry best practices to strategically plan, scope, and facilitate the design of Medeco solutions tailored to meet your organization's compliance, security, and risk management requirements. Our consulting service packages are meticulously crafted for execution under the guidance of a dedicated project manager.

All prices shown are U.S. LIST and subject to dealer software buying program discount.

Remote Planning Support

- System Design Assistance

SW-501Remote

\$842.00/hr 1 hour minimum

- Ensure that your system is designed with your current and future interests in mind.

Onsite Planning Support

- Pre-Deployment Meetings

SW-501Site

\$6,383.00/day plus T&E

- Live in person coordination of events and timeline planning.

System Deployment Services

The Medeco Professional Services team has committed technical consultants and software engineers who collaborate closely with your in-house team to facilitate the deployment and integration of Medeco solutions and third-party systems. This proficient group of systems engineers, integrators, and project management experts will manage and supervise the entire implementation process of your new Intelligent Key System, ensuring that all technical complexities and potential risks are identified in advance. This approach guarantees that your system is purposefully designed to scale according to your current and future needs.

Remote Deployment Services

- Remote Software Installation
- Remote Software Upgrades

SW-502Remote

\$842.00/hr 1 hour minimum

- Live online assistance with software installation to ensure complete functionality.
- Using our remote access software we will ensure that your software upgrades go without issue, including data conversions.

Onsite Deployment Services

- Equipment Configuration
- Software Installation / Upgrades

SW-502Site

\$6,383.00/day plus T&E

- The assistance you need to get all of your equipment programmed and installed in a timely manner.
- Live assistance from Technical Services to help with the software installation, patching, upgrades, migrations, etc.

Training & Support Services

Before implementing your new system, we strongly recommend enrolling your business security team in Medeco technical training. We offer a range of tailored hands-on courses to instruct your team on the proper operation, customization, and support of your new Intelligent Key System.

Our experts will collaborate closely with your team, providing them with the essential knowledge to ensure a smooth start, allowing your new system to operate at peak performance from Day One. In the event of any issues, our team is ready to deliver prompt, professional, and cost-effective assistance via phone, email, or online channels.

For long-term engagements, the Medeco Professional Services team can provide on-site support, ensuring your system's sustained optimal performance on a day-to-day basis. Through continuous expert consultancy, Medeco consultants can streamline troubleshooting processes and assist in defining risk mitigation strategies during upgrades of Medeco solutions. This approach not only enhances system efficiency but also helps reduce training costs for your staff.

Enterprise System Support	SW-504Platinum	Call for Quote
<ul style="list-style-type: none"> • Enterprise System Support – Platinum 	<ul style="list-style-type: none"> – Software System Remote Support for Emergency/Severity. – Extended phone support: available 24 hours a day, 7 days a week (in English).

All prices are U.S. LIST, and subject to dealer software discounting. T&E charges will be quoted upon request.

The Medeco Professional Services team will collaborate closely with your in-house team to support the planning and design, deployment, integration, and ongoing support and training of your new system. Our joint efforts will guarantee that your Medeco Intelligent Key System is operational from Day One and performing at its peak efficiency.

Professional Services

Training Certification Classes	SW-505Site	\$6,383.00/day plus T&E
---------------------------------------	-------------------	------------------------------------

Personalized on-site factory technical certification class(es).

Medeco will provide on-site training sessions, featuring hands-on demonstrations with sample equipment, and certification for students in service, maintenance, and support. These certification classes mirror those conducted at the factory and trade shows. Our training offerings encompass a range of classes, such as Medeco 4, Medeco X4, Medeco XT, CLIQ, and Medeco Master Keying. Refer to our training catalog for comprehensive details on available courses.

Master Key Consultation	SW-506Site	\$6,383.00/day plus T&E
--------------------------------	-------------------	------------------------------------

Master key system design consultation with a Medeco key system design expert.

Engage in a personalized key system design consultation with our expert system designer. We will guide you through the development of a master key system crafted to align with your specific design specifications. The resulting system will be uniquely tailored to your facility, producing custom Key System Schematics, bitting lists, and pinning charts.

Key Management Consultation	SW-507Site	\$6,383.00/day plus T&E
------------------------------------	-------------------	------------------------------------

Assistance in the design, implementation, customization, and best practices for sound key control.

Guidance in designing, implementing, customizing, and applying best practices for robust key control products and key management policies. These measures are aimed at minimizing liabilities and prolonging the lifespan of key systems. By incorporating these sound key management practices, your investment in a key system will be optimized.

Professional Services Warranty

Professional Services Warranty. Deliverables Warranty. Medeco represents and warrants that: (a) the Professional Services will be performed in a professional and workmanlike manner with a degree of care, skill and competence that is consistent with generally accepted industry standards reasonably expected of similar types of engagements; and (b) free from defects in workmanship if applicable; and (c) the Deliverables will substantially conform to the description and specifications set forth in the Medeco published catalog, price book, or written quotation, for a period of thirty (30) days after the date of delivery ("Warranty Period"), provided Medeco receives written notification of the non-conformity during the applicable Warranty Period. To the extent any Professional Services or Deliverables do not, in Medeco's sole determination, substantially conform to the foregoing warranties Medeco shall promptly re-perform the Professional Services and/or re-submit the Deliverables. If, after receiving notice of non-conformity, Medeco determines that the Professional Services cannot be performed or the Deliverables cannot reasonably be delivered, pursuant to an accepted purchase order or written quotation, 100% due to Medeco's sole fault, Medeco may elect to promptly refund the fees paid (less accrued expenses) or waive the fees owed, with respect to such Professional Services or Deliverable, as Customer's sole and exclusive remedy. This warranty will apply only if: (a) the Deliverable(s) have been properly incorporated, installed, or utilized by or on behalf of Customer at all times and in accordance with all instructions or documentation; and (b) no modification, alteration or addition has been made to the Deliverable(s) other than with Medeco's written consent; and (c) Medeco receives written notification of and approves of the warranty claim during the applicable Warranty Period.

THE EXPRESS WARRANTIES FOR PROFESSIONAL SERVICES SPECIFIED HEREIN ARE EXCLUSIVE AND TAKE THE PLACE OF AND SUPERSEDE ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Intelligent Technology Overview

Medeco Retrofit Capabilities Merged with Operational Intelligence

Medeco CLIQ

Great for applications that need auditing/schedule with mechanical features

- Powerful software allows users to audit all activities, including authorized and unauthorized attempts
- Limit the impact a lost key has on a system, keys can be disabled
- Robust scheduling, easily control who can access an opening and when a user is permitted to access an opening
- Cost control, no hardware change necessary for rekeying, rekeying handled through software platform

294

LARGE

System Size

XT

Security, regulatory compliance, and accountability on every opening

- Available in all formats, including SFIC
- Rechargeable key stores thousands of audit trail events
- Place each key on a unique schedule based upon access requirements
- Act immediately without rekeying with personnel changes or lost/stolen key
- Attack resistant design and tamper-proof features help make opening more secure

LARGE

System Size

Medeco M³ & X4 CLIQ®

Medeco M³ and X4 CLIQ merge the features of electronics with reliable mechanical technology – all in a retrofit cylinder. M³ and X4 CLIQ offer end users audit trail, user access schedules and the ability to quickly and remotely change Intelligent Key authorizations with the CLIQ Web Remote or CLIQ Connect App.

M³ and X4 CLIQ installs with no wiring in a matter of minutes. Intelligent Keys and digital cylinders reprogram wirelessly for electronic master keying. CLIQ can be combined with systems featuring Medeco³, X4 or BiLevel mechanical products to offer a blended security solution.

Audit Accountability

Audit information recorded in both the lock and key shows a time-and-date stamped record of every event, including authorized accesses and unauthorized attempts.

Uses Existing Hardware

The CLIQ Intelligent Key provides all power to the cylinder, eliminating the need for any hard wiring or power supply. Simply remove the existing mechanical cylinder and install the M³ or X4 CLIQ cylinder. CLIQ can be keyed in with Medeco mechanical systems featuring Medeco 3 or X4 (not available in SFIC).

Reduces Risk of Lost Keys

Respond quickly to security threats, lost or stolen keys, or personnel changes utilizing expiring Intelligent Key validation intervals and remote programming.

Electronic Scheduling

Intelligent Keys are programmed for specific openings with fully flexible scheduling. Access profiles can be created where programming updates are generated automatically when an opening is added or removed.

Technical Information:

- **Audits:** Key capacity – 1,000 events
Cylinder capacity – 750 events
- **Management:** CLIQ Web Manager with Medeco Hosted or Self-Hosted License
- **Power:** Power supplied by the key, no hard wiring required
- **Weather Resistant:** Can be used in indoor or outdoor applications.
– Rated for -20°F to 122° F (cylinder)
- **Security:** Encrypted identification in cylinder and Intelligent Key
- **Formats:** Available in all common cylinder formats including KIK/KIL, LFIC, padlocks and deadbolts

Key Features:

- Mechanical and electronic technology are combined for superior security with Medeco patented key control
- Audit key that stores up to 1,000 audit records provides information unavailable in a mechanical system
- Powered by an easily replaceable coin cell battery with 20,000 cycle battery life
- Available with RFID/PROX coil insert for dual use with HID compatible systems
- Visible and audible status feedback
- Compact size in water resistant housing
- Bluetooth enabled option with iOS and Android App support.

Warranty:

Medeco® warrants the M³ & X4 CLIQ products to be free of defects in material and/or workmanship for a period of two (2) years from date of original purchase

Finishes:

- Available in several finish options

eCLIQ now available!

eCLIQ is Medeco's newest addition to the CLIQ family, and provides electronic access control without wiring.

- Water-resistant key with lifetime battery
- Universal keyway – no cutting keys, or re-keying
- Uses same software as CLIQ

Visit Medeco.com/eCLIQ for more details!

Example of a CLIQ configured part number						
Base Part # Example	Cylinder Variation	Technology	Finish	Keyway	Pinning	Cam or Tailpiece*
10 0200	If none required, leave blank	S	26	LT	P	Z01
Q = ATEX R = Delay S = Sequence U = Online				M = X4 S = M ³ V = Biaxial Z = Original		

• **ATEX** (intrinsically safe certification) ATEX certified hardware reduces the risk of ignition and explosion in areas with possible exposure to flammable gases or vapors, or combustible dusts. Ideal for use in areas where ignition or explosion is a concern.
 • **Sequence** (Dual Custody) – When enabled, requires two keys to open. Keys must have different IDs and be inserted in within one minute of each other.
 • **Delay lock** – When enabled, a specified time is communicated to the key before opening. The time will be added to the keys activation and expiration time when checking the validity of the key and its LOAL entries, creating a time-delay sequence for opening within a specific schedule.
 • **Online Open** – When enabled, the access decision for a CLIQ Connect key is done during opening, providing real-time access management and audit trail. The key is automatically updated when inserted into the cylinder, and will only open the cylinder if allowed once the update has finished. The sequence takes 5-10 seconds.

Upcharge applies to special features: ATEX + \$50 List cylinders, + \$20 List for keys. Online Open, Sequence Lock, Delay Lock: + \$50 List Price for cylinders. Only one feature is available per cylinder at a time. Must be indicated at the time of order.

Rim and Mortise Cylinders

A simple replacement of rim or mortise cylinders with M³ or X4 CLIQ provides audit and scheduling along with expiration of credentials for any existing opening utilizing mortise hardware. Cylinders are available in all popular lengths and in any existing mechanical keyway. They are an ideal upgrade for offices requiring loss and liability control or as override for traditional EAC equipment.

Medeco M³ & X4 CLIQ Mortise Cylinders

Priced as Pinned. Master Key Up-charge of \$47.50 applies.

Description	Part Number	Price	M ³	X4

Rim Cylinder, Vertical Tailpiece	100400V	\$876.98	•	•
Rim Cylinder, Lazy Motion	100700	\$876.98	•	
Rim Cylinder, Sargent Mounting Style, Horizontal Tailpiece	100403H	\$876.98	•	
Rim Cylinder, Sargent Mounting Style, Vertical Tailpiece	100403V	\$876.98	•	

* Must specify cam (mortise) or tailpiece (rim) when ordering. See pages 82-83 for cam and tailpiece part numbers and descriptions. If not specified, Z01 cam will be supplied for mortise, Y02 tailpiece will be supplied with rim cylinders.

Key-In-Knob/Lever Cylinders

M³ & X4 CLIQ merges the flexibility of electronics with reliable mechanical technology – all in a key in knob or key in lever retrofit cylinder. Offers user audit trail, user access schedules and the ability to quickly add or remove a key electronically from a system, allowing quick response to security threats or lost/stolen keys. These cylinders fit nearly all popular brands and styles of hardware and are therefore an ideal application for offices, storage and file rooms, as well as any door where cylindrical hardware is used.

Interchangeable Core Cylinders

Medeco Large Format Interchangeable Core (LFIC) cylinders are designed so that cores can quickly and easily be changed by non-technical personnel using a special control key. Locks can, in effect, be "rekeyed" without having a working knowledge of the lock or having to take the lock apart. Medeco M³ & X4 CLIQ format additionally provides the benefits of audit and scheduling features. LFIC cylinders fit many of the industry standard formats making them appropriate for almost any door/hardware application.

**Medeco M³ & X4 CLIQ LFIC Cylinders**

Description	Part Number	Price	M ³	X4

Deadbolts

In addition to the physical security of the Maxum deadbolt, the M³ and X4 CLIQ cylinder provides an audit trail, the ability to schedule user access rights and the freedom to quickly add or remove a key from the system. The M³ and X4 CLIQ deadbolt installs with no wiring in a matter of minutes and is available in existing mechanical keyways. Attack-resistant design and tamper-proof features provide strong protection against forced entry and allow for flawless integration into any home or business application.

Note: All Medeco M³ and X4 CLIQ Double Cylinder Deadbolts use Mechanical Cylinders on the inside of the deadbolt.

Medeco M³ & X4 CLIQ Deadbolt Cylinders

Priced as Pinned. Master Key Up-charge of \$47.50 applies.

International Cylinders

Medeco's international cylinders are designed to fit in locksets of major world manufacturers. In addition to international uses, many of these cylinders fit imported hardware used in North America. These M³ CLIQ cylinders can be installed into standard hardware with no wiring or other modifications, as power is supplied by the key. Reprogramming, audit and key scheduling capabilities are available with easy to use software. Cylinders are widely used at high security government installations, industrial and institutional organizations, airports, hotels, power plants, palaces, museums, universities and schools, and office buildings.

Medeco CLIQ® CONNECT Key

Bluetooth Low Energy Enabled Keys

Medeco M³ and X4 CLIQ Intelligent Keys are now available with BLE connectivity. The CLIQ CONNECT Key offers CLIQ remote updates when paired with supported iOS and Android smartphones. The CLIQ CONNECT APP is available as a free download from either App Store and manages the CONNECT Key(s) pairing to the smartphone while reporting key battery level, marking, and system number. Keys are user friendly with visible and audible status feedback, compact in size with water resistant housing, and are powered by an easily replaceable CR2330 battery. Utility patented key control provides protection against unauthorized key duplication.

Connect Key Features:

- Available with RFID/PROX coil
- Visible and audible status feedback
- Compact size in water resistant housing
- New key design, easy battery access
- Powered by an easily replaceable CR2330 coin cell battery, with up to one year battery life
- Available in M³ and X4

CONNECT App Features:

- Bluetooth (BLE) enabled with iOS & Android Apps
- Free App download from Apple or Play Stores
- Obtain remote updates via supported Apple and Android Smartphones
- Key audit report via CONNECT App
- Pair and manage multiple CONNECT keys

Keys and Accessories

M³ and X4 CLIQ Intelligent Keys operate both CLIQ cylinders as well as compatible mechanical cylinders for unmatched system flexibility and security. Maintaining and ensuring system integrity by means of key audit to obtain historic user access information, as well as the ability to schedule access to doors, is an invaluable tool. M³ and X4 CLIQ keys are also mechanically compatible with M³, M³ BiLevel, and X4 products with the potential to integrate into an already existing key system. Keys are user friendly with visible and audible status feedback, are compact in size with water resistant housing and are powered by an easily replaceable CR2330 battery. Utility patented key control provides protection against unauthorized key duplication.

New CLIQ Systems Check List

Required	Recommended	Optional	Product Description	Product Comments
●			User Key	Minimum one required per system
●			Cylinder	Minimum one required per system
●			Master C-key	The CLIQ C-Key manages the electronic communication provided by the CLIQ system. It provides users secure access to the system software and the ability to transfer information between the software and cylinders.
●			Sub-master C key	One or more sub-master keys (up to 199 per system)
●			Local Programming Device	The CLIQ Local Programming Device (local PD) is used to connect CLIQ keys and cylinders to the software (CLIQ Web Manager), via secure communication.
	●		Remote indoor wall programming device	Embedded with its own IP address, the online CLIQ Remote Indoor Wall Programming Device allows users to remotely program M ³ CLIQ, X4 CLIQ, and Classic CLIQ keys.
		●	Vandal resistant outdoor wall programming device	Embedded with its own IP address, the online CLIQ Remote outdoor Wall Programming Device allows users to remotely program M ³ CLIQ, X4 CLIQ, and Classic CLIQ keys.
		●	CLIQ Connect (BLE) user key	Used for remote areas. CLIQ Connect (BLE) keys are updated by the CLIQ Connect app using a cell phone. (Only used with CLIQ Web Manager).
		●	CLIQ Connect mobile programming device	Using a cell phone Bluetooth connection and the free CLIQ® Connect app available on iOS or Android phones, the Medeco CLIQ Connect Mobile Programming Device (Connect Mobile PD) allows you to program CLIQ keys on-the-go.
●			CLIQ administrator training	Prior to deployment of your new system, we require Medeco technical training for your business security team. We offer a variety of customized hands-on training courses to teach your team how to properly operate, customize and support your new Intelligent Key System.
	●		CLIQ on-site professional services	To achieve optimum performance of your new intelligent Key System, Medeco recommends professional design and implementation services. Services include system planning, system deployment, team training and on-going support. See the professional services section for more details.
●			CLIQ software – select one of the two choices. 1) CLIQ Web Manager and CLIQ Connect PC or 2) CLIQ Local Manager	Software required for managing the CLIQ system
		●	CLIQ Connect mobile app	Mobile app for Android or iOS available to update user keys (BLE keys or non-BLE keys using CLIQ Connect mobile programming device)
●			CLIQ Control key for Interchangeable cores	CLIQ cylinders can quickly and easily be changed by non-technical personnel using a special control key, applicable only if interchangeable core cylinders are used on a project

Medeco Classic CLIQ®

Medeco Classic CLIQ merges the features of electronics with reliable mechanical technology – all in a retrofit cylinder. Medeco CLIQ offers end users audit trail, user access schedules and the ability to quickly and remotely change Intelligent Key authorizations with the CLIQ Web Manager and Remote.

Medeco Classic CLIQ installs with no wiring in a matter of minutes, and Intelligent Keys and digital cylinder reprogram for electronic master keying.

Audit Accountability

Audit information recorded in both the lock and key shows a time-and-date stamped record of every event, including authorized accesses and unauthorized attempts.

Uses Existing Hardware

The Medeco CLIQ Intelligent Key provides all power to the cylinder, eliminating the need for any hard wiring or power supply. Simply remove the existing mechanical cylinder and install the Medeco Classic CLIQ cylinder.

Reduces Risk of Lost Keys

Respond quickly to security threats, lost or stolen keys or personnel changes utilizing expiring Intelligent Key validation intervals and remote programming.

Electronic Scheduling

Intelligent Keys are programmed for specific openings with fully flexible scheduling. Access profiles can be created where programming updates are generated automatically when an opening is added or removed.

Technical Features:

- **Audits:** Key capacity – 1,000 events
Cylinder capacity – 750 events
- **Management:** CLIQ Web Manager with Medeco Hosted or Self-Hosted License
- **Power:** Power supplied by the key, no hard wiring required
- **Lockcase:** Fits standard Rim & Mortise Housing as well as other various platforms
- **Weather Resistant:** Can be used in indoor or outdoor applications
 - Rated for -20° F to 122° F (cylinder)
- **Security:** Encrypted identification in cylinder & Intelligent Key
- **Formats:** Available in all common cylinder formats including KIK/KIL, LFIC, padlocks and deadbolts

Key Information:

- Audit key holds up to 1,000 audit records and provides information unavailable in a mechanical system
- Self-cleaning electronic contact point for a long lasting key and reliable connection
- Powered by an easily replaceable CR2025 Battery with 20,000 cycle battery life
- Available with HID Prox coil insert for dual use with HID compatible EAC systems
- Visible status feedback
- Compact size in water resistant housing

Warranty:

Medeco® warrants the Medeco Classic CLIQ products to be free of defects in material and/or workmanship for a period of two (2) years from date of original purchase

Finishes:

- Available in several finish options

CLIQ Web Manager Features:

- Role based system administration
- Access Profiles
- Remote Programming Web
- Services Integration
- Key Revalidation
- Automated Change Notification

Cylinder Technologies:

- Classic CLIQ Technology code = "C"

Rim and Mortise Cylinders

A simple replacement of rim or mortise cylinders with Classic CLIQ cylinders provides audit and scheduling along with expiration of credentials for any existing opening utilizing mortise hardware. Cylinders are available in all popular lengths and are an ideal upgrade for offices or as override for traditional EAC equipment.

Key-In-Knob/Lever Cylinders

Medeco's Key-in-Knob cylinders are designed to retrofit knob type cylindrical locksets, lever type cylindrical locksets, padlocks and bored type auxiliary dead-latches and deadlocks. Medeco Classic CLIQ KIK/KIL cylinders additionally offer user audit trail, user access schedules and the ability to quickly add or remove a key electronically from a system, allowing fast response to security threats or lost/stolen keys. These cylinders fit nearly all popular brands and styles of hardware and are therefore an ideal application for office doors, storage and file rooms, or residential doors; virtually any door where cylindrical hardware is used.

Web Hosting custom options available at additional cost include: Dedicated Servers, regulatory compliance configurations, database archiving, Country/Region customization and more. Please contact your local Medeco sales rep for more information.

CLIQ® Self-Hosted Software

Description	Part Number	One-time License Fee	Annual Maintenance Fee
Enterprise Self-Hosted One-Time Fee. Includes all Remote Plus features plus web services for 3rd party applications.	SW-600801	\$56,836.00	
Enterprise Self-Hosted Annual Recurring Maintenance Fee.	SW-600801-6R		\$8,526.00
CLIQ Web Server customer-hosted (Remote Plus). One-time license fee.	SW-600801-7	\$25,981.00	
CLIQ Web Server customer-hosted maintenance (Remote Plus).	SW-600801-7R		\$3,899.00

Maintenance fees are billed annually.

Self-hosted software purchases entitle the user to a single user license with no annual license fees. However, the software maintenance fee is recommended and provides regular software program updates, maintenance releases, patches, and technical telephone assistance.

CLIQ Web Manager Client PC minimum requirements: Windows 10 and a modern browser. CLIQ Web Manager is a licensed product for both Medeco Hosted Services and End-User Self Hosted Software.

Medeco® XT

Medeco® XT Intelligent Key Ecosystem

Building on Medeco's 55-year history of creating high security key control products, the Medeco XT Intelligent Key Ecosystem takes key systems to a completely new level.

Medeco XT adds security, regulatory compliance and accountability to practically every opening in a fast, efficient way. A Medeco XT Ecosystem enhances businesses by providing the valuable data and tools needed to be more profitable or meet compliance requirements.

Overview: The Medeco XT Ecosystem consists of a robust electronic locking and access control system that is managed by state-of-the-art web based system software.

Medeco XT overcomes current keying issues by keeping security high even if someone loses a key.

Medeco XT also adds access control capability in hard to reach areas such as safes, cabinets, gates (padlocks), etc. In addition, with the new AIM (Access Interface Module) Device, imagination is your only limitation regarding what to control next with your XT key.

Audit Accountability

Audit information recorded in both the lock and key shows a time- and date-stamped record of every event, including authorized accesses and unauthorized attempts.

Uses Existing Hardware

Medeco XT key provides all power to the cylinder, eliminating the need for any hardwiring or power supply. Simply remove the existing mechanical cylinder and install the Medeco XT cylinder.

Reduces Risk of Lost Keys

Respond quickly to security threats, lost or stolen keys, or personnel changes without the added cost of changing your locks and keys.

Electronic Scheduling

Keys are electronically programmed to open only specific locks during a designated schedule. Schedules may also contain an expiration point to completely disable the key until it is audited and reprogrammed.

Medeco Data Dashboard

System audit data is displayed in a new graphical way on the Medeco dashboard. The 'Glances' display consists of several mini-dashboards that provide insight into your system configuration and audit events.

Data Analytics

The Visual Audit feature of Medeco XT Web manager software converts audit data into a simple graphic dashboard. Security Administrators can see access trends and irregularities at a glance!

Key Features:

- Small, robust electronic key with stainless steel housing
- Intelligent key holds all access and schedule data
- Rechargeable battery
- Stand-alone, network, Web and mobile programming options

Warranty:

Medeco Security Locks warrants Medeco XT products to be free of defects in material and/or workmanship for a period of two (2) years from date of original purchase (except where noted).

- **Extended warranty available at time of purchase, see page 13 (Warranty Information) for additional information.**

Product Specifications:

Lock / Cylinder Features

- No wiring required—all power provided by the key
- Indoor / outdoor use—stainless steel shell construction
- 2,000 audit events
- Unauthorized key list
- Variety of retrofit cylinder formats

XT Software and Options:

XT Software and Options: The Medeco XT Web Manager software is an integral part of the Medeco XT Ecosystem. The software not only helps manage the XT Intelligent Key System in flexible and cost-effective manner, but also provides business-enhancing tools.

The XT Web Manager SaaS (Software as a Service) software is available as either a Medeco-hosted or End-user hosted option. The Medeco-hosted option takes advantage of the power, convenience and security of Amazon Web Services (AWS) and is offered in several pricing levels. This option offers high-availability, secure web access, no start-up fees, and a multitude of AWS optional services to meet any customer's needs.

All Admin functions are handled by trained and certified IT personnel. Medeco holds ISO 27001 Certification for internal information and asset security.

Description	Part Number	Annual License Fee
Enterprise: Medeco can create a custom offering for large enterprise class systems that need more options to support their needs (see Web Hosting below). Speak to your local sales representative for more details.	Note: Depends on options and # of keys	Custom quoted
Premium: Includes all the functionality of Advanced plus, access to other custom AWS services, and Pro Service Remote Training and support (4 hours annually — a \$2,660 value). Limit 1,500 keyholders.	SW-500301-4	\$6,124.00
Advanced: Designed for mid-size systems. Adds Remote & Mobile programming & extended schedules to the Basic version. Limit 750 keyholders.	SW-500301-3	\$3,743.00
Basic: Designed for smaller systems: Effectively manage your XT Intelligent Key system with all the basic functionality which includes Schedules, Audit, Groups, Data Dashboard & Visual Audit. Limit 250 keyholders.	SW-500301-2	\$1,192.00

Multi-year hosting available. <ul style="list-style-type: none">• Dedicated Server for large systems• Country/Region customization• Regulatory compliance configurations• Custom database archiving• Multi-Year Hosting		
<i>These offerings are billed annually.</i>		

Medeco XT Self-Hosted Software

These systems are set up and hosted by the End-User: End-User is responsible for supplying all necessary hardware & expertise for server set up, maintenance, backups, etc.

See Professional Services section for assistance with configuration and set up of your XT system.

Description	Part Number	One-Time Fee	Annual Fee			
*XT Enterprise Self-Hosted Software. All the features of the Advanced version along with support for very large systems plus more advanced and/or future functionality.	SW-600901-1	\$56,836.00				
Enterprise Self-Hosted Annual Recurring Maintenance Fee – receive all software updates and bug fix releases, installation support, and an additional software license for a test server.	SW-600901-1R		\$8,526.00			
XT Enterprise Self-Hosted Software with XT IKC Support	SW-600901-2	\$57,895.00				
*XT Advanced Self-Hosted Software: for mid to large systems. Includes features such as Remote and Mobile programming, Visual Audit, Who has Access reporting, etc.	SW-600901	\$25,981.00				
Advanced Self-Hosted Annual Recurring Maintenance Fee – receive an additional software license, software updates and bug fixes and installation support.	SW-600901-R		\$3,899.00			
*XT SOLO – Same interface as our XT Web based software but designed for standalone applications. Does not support Remote or Mobile programming.	SW-500301-1	\$1,582.00				
XT SOLO Software Maintenance Fee – receive software updates and installation support for same	SW-500301-1R		\$316.00			
API Interface available for custom applications/integrations	Contact your local sales representative for more details.					
<i>Maintenance fees are billed annually.</i>						
<p>Self-hosted software purchases entitle the user to a single user license with no annual license fees. Purchase also entitles user to an additional license for an on-site test server. (Medeco always recommends introducing a new version of software to a test server before deploying to their live system.)</p> <p>Recurring maintenance is recommended and provides an additional license for test server, regular software program updates, maintenance releases, patches, and basic level technical telephone assistance.</p> <p>Customers who are not paying the recurring maintenance fee but that wish to upgrade their XT Web Manager software must contact their dealer or Medeco Representative for a quote.</p> <p>Note: Medeco Tech support cannot support software versions that are over two years old without the addition of Professional Services</p>						

* Also requires the purchase of a system setup dongle. Part number EA-250059.

Medeco® XT Intelligent Keys

Medeco® XT Electronic Locking Systems

The Medeco XT keys are small, robust, convenient and portable. They are built to withstand even the toughest environments.

The Medeco XT keys have dynamic memory which can adjust the number of audit transactions and cylinder access the key can store. Medeco XT keys also utilize a rechargeable battery and can be purchased with a portable charger to ensure you are never locked out due to a dead battery. The key provides feedback to indicate when a charge is required.

There are two key models in the XT line. The 'Slim Line' key is designed for just about every application except those extreme and abusive environments, where the 'Rugged' key is recommended.

G3R Rugged Key Features:

- Hardened stainless steel housing that will stand up in the toughest environments
- Portable and rechargeable
- Top-mounted LED for convenient access feedback

G3R Rugged Key Applications:

The XT Rugged key was designed for users that want a small, robust credential that will stand up to the most extreme environments. Tested for drop, shock and temperature extremes.

Slim Line Key Features:

- Polished, hardened stainless steel frame for strength and durability
- Soft-touch coating
- Dual-LED indicators for greater visibility
- Raised orientation dimples (allow for feeling the orientation of the key) for easier use
- High-capacity memory

NEW: Slim Rugged

- Intelligent to access up to 16k locks and store 10k audit events
- Extremely durable
- Stainless steel and aluminum construction
- Support for remote and mobile programming
- Rechargeable

Slim Line S

- Higher intelligence to support more advanced features
- Enhanced user experience with faster processing and programming speeds

Slim Line B Bluetooth Key

- All the Slim Line S features and...
- Program anywhere
- Bluetooth communication built-in
- Smartphone app support
- Immediate upload/download of data (if desired)

See page 50 for additional details and technical information.

Keys and Accessories

The Medeco® XT Key is a convenient, robust electronic key with a heavy duty stainless steel housing that fits right on your key ring. A portable key charger and rechargeable battery assures keys are always fully charged for up to 1,800 openings, eliminating the need for battery maintenance. Convenient key programming and flexible system management eliminates the need for removal of cylinder in order to make changes. This key holds operating and expiration schedule and flexible memory allocation lets the user decide how the memory is used; Access: up to 16,000 cylinders. Audit: up to 14,000 events. With Medeco XT, flexible authorization, auditing of use and quick retrofit to existing hardware are all available in one convenient package.

Professional Services

Planning, design and support are crucial to the successful deployment of an Intelligent Key System. Medeco offers professional services to ensure every installation is planned and executed seamlessly, and the system works effectively to meet current and future needs to protect the investment. See page 19 for details and pricing.

XT Finishes

XT cylinders are available in the finishes shown to the right.

NOTE: For XT SFICs only, due to the complexity of the process, there is a \$42 fee for custom finishes (other than 26, which is standard).

Rim and Mortise Cylinders

For availability of cylinder formats not shown, contact Technical Support.

XT Rim and Mortise electronic cylinders are a simple and direct replacement for mechanical cylinders. Ideal for loss & liability management with flexible authorization and auditing capabilities. Respond quickly to security threats, lost or stolen keys, or personnel changes without the added cost of changing your locks and keys. Medeco XT is a complete electronic locking system providing controlled access, accountability, physical security, and system management with no wiring requirements. Cylinders are available in many popular lengths and finishes to fit nearly any application in your office, business and retail applications.

Rim Cylinder

XT Rim and Mortise Cylinders

Description	Part Number	Price
Rim Cylinder, horizontal tailpiece	100400H G*	\$393.87
Rim Cylinder, vertical tailpiece	100400V G*	\$393.87
1 1/4" Mortise Cylinder	100500 G*	\$397.31
1 3/8" Mortise Cylinder	105100 G*	\$393.25

*Must specify cam (mortise) or tailpiece (rim) when ordering. See pages 82-83 for cam and tailpiece part numbers and descriptions. If not specified, Z01 cam will be supplied for mortise, Y02 tailpiece will be supplied with rim cylinders.

Interchangeable Core Cylinders

XT Small Format Interchangeable Core (SFIC) is ideal for access management as a direct replacement for mechanical SFIC without any hardware modifications. An easy-to-up-grade solution, ready to install and use without wiring or power supply, XT SFIC is easily installed or removed to existing hardware with the simple use of a programmed control key. Users can audit keys, program a schedule and track who opens a lock and when – all while eliminating the cost of rekeying mechanical locks. Well suited for facilities with high turnover of employees, such as fast food restaurants, convenience stores, and similar businesses, but is also suitable for apartments, office buildings, schools, and hospitals.

Available in custom finishes.

SFIC

XT Small & Large Format Interchangeable Core

Description	Part Number	Price
Small Format Interchangeable Core (SFIC) Cylinder	EA-100108	\$427.00
Schlage Large Format Interchangeable Core (LFIC) Cylinder*	322201 G	\$395.73
Yale Large Format Interchangeable Core (LFIC) Cylinder* 6 pin	310100 G	\$400.05
Yale Large Format Interchangeable Core (LFIC) Cylinder* 7 pin	310100AG	\$400.05
Sargent Large Format Interchangeable Core (LFIC) Cylinder 6 pin	322401 G	\$402.52
Corbin Large Format Interchangeable Core (LFIC) Cylinder 6 and 7 pin (includes spacer)	322301 G	\$402.52

* Fits LFIC format housing, but is a one-time installation and not removable.

See page 113 for LFIC housings.

See page 121 for SFIC housings.

Key-In-Knob/Lever Cylinders

XT Key-in-Knob/Lever electronic cylinder is a direct replacement for mechanical KIK/KIL cylinders and is ideal for access control management. The cylinder requires no wiring to the door and is powered by the XT rechargeable key. Audit trail, user access schedules and the ability to quickly add or remove a key electronically from a system allow for fast response to security threats, lost or stolen keys, or personnel changes without the added cost of changing locks and keys. Designed for quick retrofit of nearly all popular brands of knob and lever-type cylindrical locksets, making them an ideal application for office doors, storage and file rooms, or residential doors: virtually any door where cylindrical hardware is used.

XT Arrow Cylinders

Description	Part Number	Price
Medeco XT cylinder for all Arrow RK & MK series knobs and GL series levers. For RK & MK series, replace original spacer with Medeco CP-160321 (included)	20200A1 G	\$399.58

Padlocks

XT padlocks are ideal for access management at off site or hard to reach locations. The robust cylinder with stainless steel components is designed for interior and exterior use. Keys are electronically programmed to open only specific locks during a designated schedule and audit information is recorded in both the lock and key. With no wiring or power supply required, XT padlocks are an ideal application for perimeter fences and gates, or access to equipment storage areas where traditional EAC is practically impossible to install.

The All Weather Padlock (AWP) is recommended for all outdoor applications to provide maximum protection and reliability.

XT Padlocks

Retail>Showcase Locks

Medeco® XT has an electronic cylinder for many types of retail applications. Ideal for loss & liability management with flexible authorization and auditing capabilities. Respond quickly to security threats, lost or stolen keys, or personnel changes without the added cost of changing your locks and keys. The cylinder is powered by the rechargeable key so no wiring or power supply is needed. Medeco XT Plunger Locks are specifically designed for use in wooden or metal sliding doors. Cabinet style locks are also available and along with the plunger locks are ideal applications for security merchandise showcases, metal cabinets, and laboratory and office furniture.

Cam and Utility Locks

Medeco® XT cam locks are built for strong physical security and offer all the benefits of the XT Electronic Locking System. XT cam locks are available in lengths of 7/8" and 1-1/8" with a wide variety of cams and security collars. The cylinder is designed for interior and exterior use and requires no wiring or modification to the door. Audit information recorded in both the lock and key shows a time-and-date stamped record of every event, including authorized accesses and unauthorized attempts. A quick retrofit to existing hardware, XT cam locks are ideal for utility cabinets, retail fixtures, narcotics storage, safes and more.

Medeco® XT Dual-Tech Cylinder

For Rapid-Entry Applications

The patented Medeco XT Dual-Tech retrofit cylinder is designed for both accountability and rapid-entry applications. It combines two cylinder technologies – the Medeco XT electronic cylinder and the Medeco X4 mechanical cylinder – in one mortise cylinder housing. Both cylinders operate independently of one another so access is provided using either the XT Key or the X4 key.

Allows fire department emergency facility access using a familiar mechanical key while the XT Intelligent key is used for daily accountability. In multi-family applications, tenants use the mechanical key and maintenance uses XT key for accountability. Ideal for any application requiring a mechanical key override.

Medeco Dual Tech Cylinder

Description	Part Number	Price
XT Dual Tech 1-1/4" Mortise Cylinder, with Medeco X4	490423 G	\$626.50
XT Dual Tech 1-1/4" Mortise Cylinder for Arrow/Best	490426 G	\$626.50
XT Dual Tech 1-3/4" Mortise Cylinder	490437 G	\$633.50
XT Dual Tech Rim Cylinder	490432 G	\$934.50

XT Dual-Tech Cams

Dual Tech mortise cylinders come complete with a set of 2 specially designed cams, a direct-drive cam operated by the Medeco XT key and an Override cam operated by the Mechanical key. Cam type must be indicated when ordering (Z00, Z01, etc.)

Important Note: The standard cams listed on pages 82-83 cannot be used in Dual-tech cylinders. Replacement cams must be ordered using the chart below. One each direct drive and override cam required per cylinder.

Dual Tech Cams

Description	Part Number	Price

Medeco XT Traffic Cabinet Lock

The Medeco XT Traffic Cabinet Lock helps to secure our critical infrastructure. The Intelligent Traffic System (ITS) cabinets located at every street corner contain hardware that control our cities streets. Cyber attack is a constant threat. A simple retrofit lock solution like the Medeco XT Traffic Cabinet Lock is the quickest, most cost-effective way to add the accountability necessary to help eliminate tampering with the advanced equipment contained within these cabinets.

Available through specialized resellers only.

Medeco XT Traffic Cabinet Lock:

Description	Part Number	Price
XT Traffic Cabinet Lock – Deadbolt*	EA-100221	\$488.00
XT Traffic Cabinet Lock – Slam bolt*	EA-100220	\$511.00
High Security Mechanical Traffic Cabinet Lock – Deadbolt*	490435	\$230.00
High Security Mechanical Traffic Cabinet Lock – Slambolt*	490436	\$232.00

* Can be installed in left-hand or right-hand doors.

XT Safe Lock

The Medeco XT Safe Lock is a direct replacement for physical security devices that utilize standard mechanical dial combination locks or digital keypad locks. XT Safe Lock includes a reader with key port mounted on the outside of the safe door, and is available three XT lock configurations deadbolt, spring bolt and swing bolt.

To access the safe, an XT Key is programmed via the Medeco XT Web Management Software system to only open a specific XT Safe Lock and the key is issued to a specific user. The user inserts the XT Key into the key port on the exterior reader. Power is supplied by the key to the lock PCB and authentication is initiated with a secure process over the interface communications cable.

An LED provides visual feedback to the user on the current state of the lock. If the lock PCB and XT Key are in agreement that access is granted, the lock PCB will provide power to the internal motor/bolt blocker and the user is allowed to rotate the key to unlock the lock. If the XT Key is not authorized, the user will be prevented from unlocking the safe lock.

XT Safe Lock:

Description	Part Number	Price
XT Safe Lock – Deadbolt Lock Bundle	EA-100206	\$972.00
XT Safe Lock – Spring Bolt Lock Bundle	EA-100207	\$972.00
XT Safe Lock – Swingbolt Lock Bundle	EA-100208	\$972.00

International Cylinders

The Medeco® XT Modular Half Profile, Euro Double & Thumb Turn electronic cylinders are a direct replacement for like mechanical cylinders and are ideal for loss and liability management. In addition to international uses, many of these cylinders fit imported hardware used in North America. The cylinder requires no wiring or modification to the door or frame and is designed for interior and exterior use.

Attack-resistant design and tamper-proof features provide strong protection against forced entry. Flexible key programming and auditing capabilities allow for quick response to security threats, lost or stolen keys, or personnel changes. Cylinders are widely used at government installations, airports, hotels, universities and schools. Medeco XT is a complete electronic locking system providing controlled access, accountability, physical security, and system management.

XT Guard Tour Reader

The Medeco XT Guard Tour Reader is a simple, yet powerful, user tracking solution that can be added to any XT Intelligent Key system. The reader mounts easily to any interior or exterior flat surface and programs just like a standard XT cylinder. As the designated 'Tour' individual makes their rounds, they simply touch the reader with their XT key which creates an audit event that proves they completed this task. A record of activity is available for audit or reporting at any time.

XT Guard Tour Reader

Description	Part Number	Price
XT Guard Tour Reader	EA-100240	\$467.00

Medeco® XT Access Interface Module (AIM)

The Medeco® XT Access Interface Module – known as “AIM” – allows the user to insert their Medeco XT key to trigger actions in other systems. Using both authorized and unauthorized event conditions, users can unlock doors with electric strikes or maglocks, initiate video cameras and bring attention to unauthorized events by triggering access control or alarm panels.

AIM Features:

- Greatly enhances the capability of the Medeco XT Intelligent Key System
- Key audit tracks events just like an XT cylinder
- Two-person authentication option
- Uses NO – Normally Open and NC – Normally Closed relays to trigger different outputs for Access Granted or Access Denied events
- Can be powered by an XT key or 12-24V Power Supply depending on AIM connection

Medeco XT Access Interface Module (AIM):

Description	Part Number	Price
Medeco XT Access Interface Module	EA-100192	\$890.00

Warranty:

Medeco Security Locks warrants Medeco® XT products to be free of defects in material and/or workmanship for a period of two (2) years from date of original purchase.

Applications:

Medeco XT AIM module can be used with other Access Control or Alarm Panels to trigger authorized and unauthorized event conditions.

Medeco Nexgen

Medeco® Nexgen is a comprehensive loss prevention system incorporating access control, audit capability, physical security, and route management for applications such as parking and vending.

In addition to physical protection, the Medeco® Nexgen system gives you the ability to program who gets into your locks and when they get in. The system will also track all activity, including unauthorized attempts to open the lock.

These functions are integrated into software that provides key management capability and can be customized to meet your specific requirements. The software provides detailed, flexible reports for complete security management.

All Medeco® Nexgen products have the ability to be linked together throughout your system to provide full integration. One key can be programmed to open any combination of locks.

Intelligent Key Cabinet (IKC)

The Intelligent Key Cabinet is a complete, electronically-controlled, key management solution that can secure, distribute and audit the use of XT Keys, mechanical keys, or other assets. Only authorized users can gain access to the cabinet via the included biometric fingerprint reader or PIN code pad, or a combination of both. An optional access card reader is also available. IKC is available in configurations to store mechanical keys, XT electronic keys or a combination of both. As an essential addition to any Medeco XT Intelligent Key system, it locks XT keys in place and keeps them charged and ready for use. The IKC can improve employee efficiency and increase accountability which translates into a more secure facility with lower operating costs.

Benefits:

- **Accountability:** No more wondering who has checked out keys or for how long. Complete audit trail and reporting by user and key activity. User accountability reduces lost keys. Fewer lost keys leads to lower expenses and improved security.
- **Analytics:** Identify potential problems in removal and return patterns before they escalate. Complete reporting suite provides multiple reporting options to provide real-time data. Reports can be automatically generated and sent to multiple users by email. Custom reports can be configured and exported to Excel for added convenience.
- **Security:** Loose keys are vulnerable to being misplaced or stolen. Only authorized users are able to access the electronic key management system. Biometric Fingerprint, PIN, and/or Prox Card authentication (optional) allow access to the IKC for added security and control. The IKC supports dual authentication if desired. For added security, a digital photo capture of each login can be added.
- **Convenience:** Allow employees to retrieve keys quickly without waiting for a manager. Quick, easy-to-use web-based or locally hosted software shows what keys are in, what keys are out, and to whom they are issued. The IKC allows the return of any key to any location in the cabinet, and then learns the key's new location.
- **Productivity:** Eliminate time spent searching for, or replacing lost keys – always know who took which key, and when.
- **Efficiency:** Pair with a full XT solution to identify patterns and workflows to gain even greater efficiency and security. XT version cabinets charge and program keys while they are secured and stored, ensuring keys are always ready to go.

Features:

- Heavy-duty enclosure keeps keys safe and secure
- Distributes keys only to authorized users
- Admin notifications (email and SMS) for unreturned keys
- Available in 3 cabinet sizes. Cabinet storage capacities are 32, 64, 96, 128, 160, 192, 224, 256, and 288 (Max capacity for XT version is 64 per cabinet).
- Three versions available: XT, iFob, and Hybrid
- Locks XT keys in place and keeps them charged and ready for use. (XT version)
- Identifies XT key serial number (XT version)
- XT version integrates to XT Web Manager Enterprise
- Built-in 10" touchscreen and fingerprint reader
- Multi-factor verification/authentication includes biometric finger scan, PIN, and Prox Card.
- Audible and visual alarms to indicate trouble conditions
- Built-in camera for photo verification of removal or attempted removal.
- Comprehensive reporting & analytics
- Emergency Fob Release System
- Multi-System Networking
- Medeco high security mechanical lock for manual override
- Options (see page 69 for full list of options):
 - Mounting: Custom Stand - holds 1 or 2 Standard or Mini cabinets to securely hold the cabinets in place without having to mount them on a wall.
 - User authentication: A Multi-class reader is available for purchase or the customer can supply their own reader for installation. (A reader and test card must be provided to Medeco for testing before the cabinet is manufactured to ensure proper compatibility.

Intelligent Key Cabinet (IKC)

Standard Cabinet

LCD touchscreen used for PIN code authentication, warning messages as well as PC troubleshooting

High security mortise cylinder for manual override

Add-On Cabinet

High security mortise cylinder for manual override

Scalability:

The IKC system can grow as business needs grow by adding on additional secondary cabinets from 32-288 port sizes for iFob units and in a combination of technologies (iFob or XT).

- Each system requires one 'Main' touchscreen cabinet
- Add additional cabinets as needs require
- System can be any combination of 32 or 64 port cabinets
- 32 port cabinets support either XT or iFob ports
- 64 port cabinets support either all XT, all iFob, or a combination of 32 XT plus 32 iFob.
- Main and Secondary boxes can be configured with same technology or different
- Up to 7 Add-on units maximum (512 keys) for every Main unit

Large Cabinet:

- 27" W x 46" H x 11" D
- Weight: 290 pounds
- May require wall reinforcement for mounting
- 160 to 288 key positions
- Available as iFob Main or Add-On Cabinet

Mini Cabinet (Image A):

- Main Cabinet (Image A) 27" W x 14.72" H x 12" D
- Can be stand alone or connected to Add-on cabinet
- Weight: 71 pounds
- Technology – Select All XT or All iFob
- Main and Add-on cabinets can be configured with same technology or different
- 32 key positions

Standard Cabinet (Image B):

- Main Cabinet (Image B), 32 or 64 ports, 27" W x 25.25" H x 12" D
- Weight: 113 pounds
- Can be stand alone or connected to secondary cabinet
- Technology – Select All XT, All iFob, or 32 XT plus 32 iFob
- Main and Add-on cabinets can be configured with same technology or different
- 32-64 key positions – XT/hybrid
- 32-128 key positions – iFob

Add-on Cabinet (Image C):

- Add-on Cabinet (Image C), 27" W x 25.25" H x 12" D
- Available with 32 or 64 ports
- 32 port option expandable to 64 with additional 32 port panel (sold separately)
- Must be connected to a Main cabinet

Medeco T21 Key Management System

The Medeco T21 is a sophisticated stand-alone key management system which combines innovative RFID technology and robust design to provide small to medium-sized businesses with the advanced management of 21 keys or keysets in a plug and play solution.

Operation:

- Stand-alone plug & play solution with advanced RFID technology
- Touchscreen interface
- PIN access to designated keys or keysets which are individually locked in place
- Keys are securely attached using special security seals
- Simple to configure through the setup wizard
- No requirement for network connection or PC
- Concealed robust fixing points allow secure wall fixing
- Mains operated with optional battery backup
- 1,000 users per system
- System can save 250,000 audit events

iFob

Once attached to an iFob with a robust security seal, individual keys or keysets are assigned to a specific user.

Security Seal

The secure one-time security seal is cost-effective and simple to apply without the need for specific tools.

SimpleK

Master Key System and Key Management Software

SimpleK is a flexible and intuitive software program that streamlines and simplifies the complexities of managing master key systems, keys, and facilities. It combines all tools needed by locksmiths, facility managers, security officers, and anyone else involved in the key management processes.

The software provides total key control with audit trails, outstanding keys, overdue keys, tools for the rekeying process, and more. SimpleK software allows you to import maps and floor plans to see who has access to each individual door, the associated keys, and hardware on the opening.

SimpleK allows you to manage keys and keying systems of all sizes and types. This includes: Medeco, Corbin Russwin, Yale, SARGENT, ASSA, ABLOY, Schlage, Best, and many others.

Features:

- Advanced tools for locksmithing and key control
- Manage all key systems (unlimited number of records)
- Robust import tools to bring current data into SimpleK
- Interactive floor plans
- Master key system design and expansion
- Key requests, approvals, issuances, and returns workflow
- Cylinders and core pinning (verifies key interchange)
- Door-Key association visualization and rekeying solution
- Easily identify keys, access, and hardware on openings
- Visibility to audit trails and outstanding/overdue keys

Technology Overview

Medeco Retrofits More Hardware Than Anyone in the Industry

Medeco 4 (M4)

Ideal for the customer that needs the ultimate in high security protection

- Innovation: movable key element; side and lift pins in the cylinder; triple sidebar control
- Secondary side-pin bittings provide expanded master keying capabilities
- Patented key control protects against unauthorized key duplication
- ANSI/BHMA A156.30 & 156.5 rated — meets or exceeds criteria for strength and durability, key control and surreptitious entry resistance

Patent
2040
Life

LARGE
Master Key Capability

Medeco 4 (M4) BiLevel

Cost-effective, patented key control where high security is not necessary

- BiLevel can tie in with Medeco high-security mechanical products and CLIQ for master keying purposes
- No Special Key Needed: BiLevel cylinders use existing M4 keys for 3D printing prevention, convenience, cost
- BiLevel keys are cut on the same equipment as Medeco 4 and Medeco³ keys
- Reduce costs by using a BiLevel cylinder on doors to bathrooms, copy rooms, and other low risk spaces

Patent
2040
Life

SMALL
Master Key Capability

Medeco X4

Patented technology offering SFIC and a variety of formats; great on price and security

- Available in Small Format Interchangeable Core, Large Format Interchangeable Core, and conventional cylinders
- Able to accommodate the majority of commercial hardware and other OEM applications
- Patented Key Control: Legally protected key duplication, help ensure safety and security
- Superior Master Keying with A2 pinning: 65k+ variations and the ability to key different formats

Patent
2030
Life

MEDIUM
Master Key Capability

Medeco³

Patent
Expired
Life

- Triple locking technology for ultimate pick resistance
- Can be masterkeyed into a system containing M3 BiLevel and M3 CLIQ
- Sidebar prevents the key from rotating until the pins are elevated, rotated, and aligned in the correct position

Medeco B (replace Alphabet keyways)

- Medeco B Small Format Interchangeable Cores (SFIC) are an economic and efficient solution to rekeying needs.
- Only available in SFIC
- Available in industry standard alphabet keyways + W Series
- Medeco B retrofits existing systems, significantly reducing installation time

- Available in standard 6 and 7 pin format in established keyways
- No contract is required to provide Medeco B

Medeco 4

High Security Locking System

Medeco builds on more than 50 years of lock engineering innovation and takes security to the next level, offering the highest level of protection against physical attack and unauthorized key duplication with Medeco 4 (M4).

M4 cylinders are UL 437 listed for physical strength and high security components, using solid brass construction with strategically placed hardened-steel inserts to thwart drilling attacks. In addition to tumbler pins that lift and rotate, M4's design includes up to 4 side pins: 3 finger pins and 1 lift pin, which must all interact with the sidebar to open, providing a high level of pick resistance. The patent-pending M4 key design, with its shuttle pin movable element, also protects against the emerging threat of 3D printing for added credential security.

Key Control

Patent-pending key control protects against unauthorized duplication of keys (M4's patent runs through 2040).

Protection Against 3D Printing

A patent-pending movable element in the key deters against unauthorized 3D printed copies of keys or blanks.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a shuttle lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Uses Existing Hardware

M4 cylinders are available in a wide variety of formats, retrofitting most hardware on the market.

Protection From Physical Attack

M4 cylinders are UL 437 listed and UL test lab proven to stand up to drilling, picking and other forms of physical attack.

Special Angled Cut Keys

A special key cutting machine and access to Medeco-specific blanks are required to duplicate M4 keys, which are available in multiple levels of restriction to support every need.

Master Keying Capabilities

M4 cylinders can be master keyed into a system that includes M4 and M4 BiLevel keys and cylinders. Extremely large systems are possible.

Technical Information

Cylinders:

- **UL 437:** – Underwriters Laboratory Standard for a locking cylinder's ability to resist physical attack.
- **ANSI/BHMA A156.30 & 156.5 rated** – meets or exceeds criteria for strength and durability, key control, and surreptitious entry resistance.
- Solid brass machined construction
- Uses Biaxial high-security pins
- 100,000 cycle endurance tested

Keys:

- Angled, offset cuts on key blade
- Movable element on blade provides 3D key and key blank copy protection
- Patent-pending protection against duplicate keys
- Unique keyway pre-cuts using side cuts
- Secondary bitting/sidebar pins in four positions
- Expanded master keying capability

Applications:

- M4 cylinders are available in a wide variety of formats and are ideal for any application requiring key control and a high level of physical security.

Warranty:

M4 cylinders are warranted for two years against manufacturer's defects. M4 keys have a lifetime warranty against breakage. See the Medeco limited warranty for details.

Medeco BiLevel

Medeco 4 BiLevel cylinders offer affordable key control through patent-pending protected keys. Standard locking systems without utility patent protected keys allow anyone who gains possession of a key to easily and inexpensively make a copy. With an unauthorized duplicate key, a thief has complete access to a building, its physical and intellectual property, and the people inside. BiLevel locking systems ensure that the keys to a facility can only be duplicated by certified Medeco dealers and only with the proper authorization.

Medeco BiLevel cylinders can tie in with other Medeco mechanical and Intelligent Key products for master keying purposes.

Patented -pending Key Control

Protects against unauthorized duplication of keys.

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Uses Existing Hardware

Medeco offers the largest selection of retrofit cylinders that reduce cost by eliminating the need to replace your existing hardware.

Can Be Master Keyed

Can be master keyed into a system containing M4 BiLevel and M4 mechanical.

Technical Information:

- Keyed with Medeco 4 high security systems or as its own standalone system

Applications:

BiLevel retrofit cylinders are ideal for any application requiring patented key control where physical high security is not necessary.

Warranty:

Medeco BiLevel cylinders are warranted for two years against manufacturer's defects. See the Medeco limited warranty for full details.

Cylinder Formats:

- Rim & Mortise
- Key in Knob/Lever Cylinders
- Large Format Interchangeable Cores
- Padlocks
- Deadbolts

Medeco X4

All facilities need patented key control to effectively secure exterior and interior openings. This strength of integrity allows security managers to have peace of mind when it comes to managing the system. Unfortunately, instituting a new key system is not always easy... or economical.

Medeco X4 is an economic and efficient solution to rekeying needs. Medeco X4 has one of the largest master key capabilities on the market, allowing facility managers to tie everything together under one key for ease, convenience and efficiency. Additionally, Medeco X4 easily retrofits into existing systems, significantly reducing installation time.

Medeco X4 is the perfect security upgrade for small format interchangeable core (SFIC) installations. In addition to SFIC cylinders, Medeco X4 is also available in many retrofit cylinder formats that can all be keyed into a single system.

Patented Key Control

Protects against unauthorized duplication of your keys.

Uses Existing Hardware

Medeco X4 is available in a large selection of retrofit cylinder formats that can all be keyed into a single system.

Quickly Change Cores

Medeco X4 SFIC cylinder provides quick and easy cylinder changes in the event keys are lost or stolen.

Can be Master Keyed

Available in Small Format Interchangeable Cores (SFIC) and other retrofit cylinder formats which can be master keyed together, eliminating the need to replace your existing hardware.

Technical Information:

- Superior master key capabilities, up to four (4) times that of similar style cylinders
- One key flexibility for different cylinder styles compatible
- Patented system lasting until the year 2030
- Custom key coining for added security

Applications:

The Medeco X4 retrofit cylinders are ideal for any application requiring key control and physical security of your cylinders

Warranty:

Medeco X4 cylinders are warranted for two years against manufacturer's defects. See the Medeco® limited warranty for full details

Cylinder Formats:

- Rim & Mortise
- Key in Knob/Lever Cylinders
- Small Format Interchangeable Cores
- Large Format Interchangeable Cores
- Padlocks
- Deadbolts

Medeco B

Medeco B Small Format Interchangeable Cores (SFIC) provide quick and easy cylinder changes in the event keys are lost or stolen. Medeco B is an economic and efficient solution to rekeying needs. Medeco B easily retrofits into existing systems, significantly reducing installation time.

Medeco B offers flexibility and is available in standard 6 and 7 pin format in established competitive keyways. The reinforced sleeve design provides added strength and durability.

Competitive Keyways

Medeco B is an affordable alternative for end users currently using industry standard unpatented keyways. Available keyways: 1C, 1D, AB, BB, CB, DB, EB, FB, GB, HB, JB, KB, LB, MB, QB, RB, TA, TB, TC, TD, TE, WA, WB, WC, WG, WH & WY.

Quickly Change Cores

Medeco B SFIC cylinder provides quick and easy cylinder changes in the event keys are lost or stolen.

Fits Existing & New Master Key Systems

Medeco B is priced to save clients' money vs. other unpatented competitors and can be substituted directly into existing SFIC master key systems.

Applications:

The Medeco B retrofit cylinders are ideal for any application requiring unpatented key control that can be substituted directly into existing small format interchangeable core systems.

Warranty:

Medeco B cylinders are warranted for two years against manufacturer's defects. See the Medeco® limited warranty for full details.

Finishes:

- Available in all standard finishes to match existing hardware.

Technical Information:

- Solid brass construction
- Reinforced sleeve design
- Uses A2 SFIC Specifications
- Available with Medeco-branded stamping or no stamping
- 6 & 7 pin unpatented SFIC
- Sleeve, shell, plug & face plate made of brass
- Individually capped pin chambers
- Available in the following industry standard SFIC keyways: 1C, 1D, AB, BB, CB, DB, EB, FB, GB, HB, JB, KB, LB, MB, QB, RB, TA, TB, TC, TD, TE, WA, WB, WC, WG, WH & WY
- Dealers do not need a contract to purchase Medeco B SFIC Cores. Cores are available through Medeco and authorized distributors.

Product Overview

The Most Extensive Line of Commercial Retrofit Products

Rim and Mortise

Medeco mortise cylinders are precision-machined solid brass and retrofit into virtually any industry standard hardware.

Key in Knob/Lever

Medeco Key-in-Knob/Lever cylinders are designed to retrofit cylindrical locksets, lever-type cylindrical locksets, padlocks, and bored-type auxiliary deadlatches and deadlocks.

Interchangeable Core

Medeco Small Format and Large Format Interchangeable Cores are specifically manufactured to retrofit the vast majority of competitive cylinders, without replacing expensive door hardware.

Deadbolts

The Medeco Maxum Deadbolt routinely receives top billing in Consumer Reports as the strongest deadbolt across all of its lock categories. The Maxum Deadbolt is a beast!

Padlocks

Medeco offers a variety of padlocks, including those with patent protection and UL-listed technologies.

Cam Locks

Medeco cam locks are recognized throughout the world as the standard for protection in a 3/4 inch diameter lock.

Specialty

From parking locks to locks for vending machines, Medeco manufactures locks for virtually every application: cabinet locks, switch locks, traffic cabinet locks, vending machine locks, banking locks, and more.

International

Medeco's international cylinders are designed to fit in locksets of major world manufacturers. In addition to international uses, many of these cylinders fit imported hardware used in North America.

Accessories

Supplement your Medeco products with extra pins, keyblanks, tailpieces, etc. Reference this section when you need replacement screws, springs, pin hole covers, and Medeco-approved key machines.

Rim & Mortise Cylinders

Medeco mortise cylinders are precision-machined solid brass and retrofit into virtually any industry standard hardware. Rim cylinders can be used with auxiliary locking devices such as: surface mounted deadbolts, night latches, panic devices and jimmy proof locks (also known as vertical dropbolts or interlocking deadbolts). Medeco high security rim and mortise cylinders are UL 437 listed for drill and pick resistance, and the those that incorporate the Medeco 4 (M4), M4 BiLevel, or Medeco X4 technologies, offer utility patented key control.

Patented Key Control

Protects against unauthorized duplication of keys.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Protection From Physical Attack

M4 rim & mortise cylinders are UL 437 listed and stand up to drilling, picking and other forms of physical attack.

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in multiple levels of restriction to support every need.

Uses Existing Hardware

Medeco offers the largest selection of retrofit Rim & Mortise cylinders that reduce cost by eliminating the need to replace existing hardware.

Master Keying Capabilities

M4 can be master keyed into a system containing M4 BiLevel. Extremely large systems are possible.

Applications

Flexible options designed to retrofit various manufacturers mortise and rim locks

Warranty:

Warranted for two (2) years against manufacturers' defects. See the Medeco® limited warranty for full details

Technical Features:

- ANSI/BHMA A156.30 Certification assures patent protected key control and physical strength (M4)
- ANSI/BHMA A156.5 Grade 1 Certification assures consistent quality for heavy use applications (M4)
- Solid brass construction provides high quality and long cylinder life
- Set screw pin chamber caps allow quick and easy pinning and re-keying without the need to take the cylinder apart
- Large variety of cylinder lengths and cam/tailpiece configurations provide excellent retrofit capability and reduce the need to replace the entire locking device

Finishes:

- Available in all standard finishes to match existing hardware

Available Key Technologies:

Mechanical:

- M4/M4 BiLevel
- M³/M³ BiLevel
- X4

Intelligent Key:

- M³ CLIQ
- Classic CLIQ
- X4 CLIQ
- XT

How To Order Rim & Mortise Cylinders

Complete part numbers are required for all orders. To determine the correct part number, fill in the "X's" in sequential order.

1**100200 base part # example**

Refer to pages 65-77 for descriptions and technical specifications to find the corresponding base part number.

2**3****4****5****6****7****H technology**

H = M4
P = M4 BiLevel
T = M³
J = M³ BiLevel
S = M³ CLIQ
W = Biaxial
- = Original
K = KM
C = Classic CLIQ
N = X4
M = X4 CLIQ
G = XT

05 finish

Refer to the inside back cover of this catalog for finish options.

M4 keyway

Insert keyway if known or contact Customer Service for help.

P pinning

S = Sub-Assembled (Uncombined)
N = Sub-assembled,
– No side pins (M4 only)
– No slider (M3 only)
P = Pinned (Combined)
M = Master Keyed
R = Master Keyed
– blade and side pins (Medeco 4 only)

Z01 cam or tailpiece

Refer to pages 78-79 for cam and tailpiece options.
If not specified, Z01 for mortise and Y02 for rim will be supplied.

624 side pin code (M4 only)

Insert side pin code if known or contact Customer Service for help.

BUILD A RIM & MORTISE PART #:

For legacy technology pricing, call Customer Service or visit Medeco.com.

Standard Mortise Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
1" 5 Pin Mortise Cylinder -(6 pin for Medeco X4)	100100 (P)	\$184.50	\$100.56	\$187.86	\$102.24	\$125.82
	100100 (S)	\$168.00	\$91.56	\$171.36	\$93.24	\$109.32
1" 5 Pin Mortise Cylinder with 120° notch along top of shell for alternate retaining location	100101 (P)	\$184.50	\$100.56	\$187.86	\$102.24	
	100101 (S)	\$168.00	\$91.56	\$171.36	\$93.24	
1-1/8" 6 Pin Mortise Cylinder	100200 (P)	\$184.50	\$100.56	\$187.86	\$102.24	\$125.82
	100200 (S)	\$168.00	\$91.56	\$171.36	\$93.24	\$109.32
1-1/4" 6 Pin Mortise Cylinder	100500 (P)	\$192.50	\$104.92	\$196.02	\$106.68	\$128.64
	100500 (S)	\$176.00	\$95.92	\$179.52	\$97.68	\$112.14
1-3/8" 6 Pin Mortise Cylinder	105100 (P)	\$199.50	\$108.73	\$203.16	\$110.56	\$141.45
	105100 (S)	\$183.00	\$99.73	\$186.66	\$101.56	\$124.95
1-1/2" 6 Pin Mortise Cylinder	105200 (P)	\$270.50	\$147.43	\$275.58	\$149.97	\$191.70
	105200 (S)	\$254.00	\$138.43	\$259.08	\$140.97	\$175.20
1-5/8" 6 Pin Mortise Cylinder	105300 (P)	\$277.50	\$151.25	\$282.72	\$153.85	\$198.70
	105300 (S)	\$261.00	\$142.25	\$266.22	\$144.85	\$182.20
1-3/4" 6 Pin Mortise Cylinder	105400 (P)	\$284.50	\$155.06	\$289.86	\$157.74	\$205.70
	105400 (S)	\$268.00	\$146.06	\$273.36	\$148.74	\$189.20

	105700 (S)	\$319.00	\$173.85	\$325.38	\$177.04	\$240.20
2-3/8" 6 Pin Mortise Cylinder	105904 (P)	\$324.50		\$330.66		
	105904 (S)	\$308.00		\$314.16		
2-3/4" 6 Pin Mortise Cylinder	105104 (P)	\$353.50		\$360.24		
	105104 (S)	\$337.00		\$343.74		
3-1/4" 6 Pin Mortise Cylinder	105900 (P)	\$382.50		\$389.82		\$382.50
	105900 (S)	\$366.00		\$373.32		\$366.00
4-1/8" 6 Pin Mortise Cylinder	105800 (P)	\$437.50		\$445.92		
	105800 (S)	\$421.00		\$429.42		
5" 6 Pin Mortise Cylinder	105901 (P)	\$490.50		\$499.98		
	105901 (S)	\$474.00		\$483.48		

Jumbo/Mogul Mortise Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
6 Pin Jumbo Mortise Cylinder (1-19/64" Long, 1-3/8" Shell Dia.) Corbin Russwin® Master Ring Cylinder Replacement	101350 (P)	\$241.50	\$131.63	\$246.00	\$133.88	\$191.04
	101350 (S)	\$225.00	\$122.63	\$229.50	\$124.88	\$174.54
6 Pin 1-1/4" Mogul Cylinder for Prison Locks (1-1/4" Long, 2" Shell Dia.)	104001 (P)	\$252.50		\$257.22		
	104001 (S)	\$236.00		\$240.72		

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Limited Rotation Mortise Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
6 Pin 1-1/4" Mortise Cylinder with Raised Plug, Limited Rotation: CK 145° CW and 145° CCW	100500H (P)	\$241.57		\$245.09		
	100500H (S)	\$225.07		\$228.59		
6 Pin 1-1/4" Mortise Cylinder Hotel Function, Uses Spring Loaded Stop Pins with Notched and Un-Notched Keys to Provide Directional and Limited Rotation	100501 (P)	\$229.50		\$233.76		
	100501 (S)	\$213.00		\$217.26		
6 Pin 1-3/16" Length Mortise Cylinder Limited Rotation: CK 145° CCW, MK 360° CCW and CW	490078 (P)	\$210.50		\$214.38		
	490078 (S)	\$194.00		\$197.88		
6 Pin 1-3/16" Length Mortise Cylinder, Limited Rotation: CK 145° CW, MK 360° CCW and CW	490079 (P)	\$210.50		\$214.38		
	490079 (S)	\$194.00		\$197.88		

Specialty Mortise Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
5 Pin Otis® Elevator Mortise Cylinder, 1 Key Pull Position	100903 (P)	\$205.50		\$209.28		
	100903 (S)	\$189.00		\$192.78		
5 Pin Otis® Elevator Mortise Cylinder, 2 Key Pull Positions (not used in MK systems)	100909 (P)	\$234.50		\$238.86		
	100909 (S)	\$218.00		\$222.36		
1-7/32" 6 Pin Mortise Cylinder with Mini Micro Switch, 7 Amp, SPDT, 1 Key Pull (requires quick connect leads: CP-270511)	100200A (P)	\$295.79	\$211.85	\$299.15	\$213.53	\$208.27
	100200A (S)	\$279.29	\$202.85	\$282.65	\$204.53	\$191.77
1-1/8" 6 Pin Concealed Face Mortise Cylinder for Schlage® "K" Locks, Trim Style 712, 714, 202	100202 (P)	\$210.50	\$114.73	\$214.38	\$116.67	\$150.42
	100202 (S)	\$194.00	\$105.73	\$197.88	\$107.67	\$133.92
1-1/8" 6 Pin Mortise Cylinder with Extended Plug & Second Cam Washer Reversed to Close Bottom of Keyway	104207 (P)	\$224.50	\$108.73	\$228.16	\$110.56	
	104207 (S)	\$183.00	\$99.73	\$186.66	\$101.56	
1-1/8" 6 Pin Mortise Cylinder with Extended Plug	104207A (P)	\$199.50	\$108.73	\$203.16	\$110.56	
	104207A (S)	\$183.00	\$99.73	\$186.66	\$101.56	
6 Pin LFIC Mortise Cylinder with 15 Amp Micro Switch	320200B (P)	\$453.41		\$459.27		
	320200B (S)	\$436.91		\$442.77		
1 1/4" 6 Pin Mortise Cylinder for VingCard® Persona®	490214 (P)	\$192.50	\$104.92	\$196.02	\$106.68	
	490214 (S)	\$176.00	\$95.92	\$179.52	\$97.68	

Mortise Cylinder Plugs

Description	Part Number	Price
Plug for 10-0200 (Medeco Original®)	12005002 -	\$77.44
Plug for 10W0200 (Medeco Biaxial®)	12005006 W	\$77.44
Plug for 10T0200 (Medeco ³ ®)	1200500 T	\$73.13
Plug for 10-0500 (Medeco Original®)	12020002 -	\$77.44

Key-in-Knob/Lever Cylinders

Medeco Key-in-Knob cylinders are designed to retrofit knob type cylindrical locksets, lever type cylindrical locksets, padlocks and bored type auxiliary deadlatches and deadlocks. Medeco 4 (M4) Key-in-Knob cylinders are UL437 listed for drill and pick resistance, and utility patented pending key control. Medeco offers one of the largest ranges of retrofit cylinders in the industry, supporting the most popular security hardware.

Key Control

Patent-pending key control Protects against unauthorized duplication of keys.

Protection Against 3D Printing

A patent-pending movable element in the key deters against unauthorized 3D printed copies of keys or blanks.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Uses Existing Hardware

M4 cylinders are available in a wide variety of formats, retrofitting most hardware on the market.

Protection From Physical Attack

M4 cylinders are UL 437 listed and UL test lab proven to stand up to drilling, picking and other forms of physical attack.

Special Angled Cut Keys

A special key cutting machine and access to Medeco-specific blanks are required to duplicate M4 keys, which are available in multiple levels of restriction to support every need.

Master Keying Capabilities

M4 cylinders can be master keyed into a system that includes M4 and M4 BiLevel keys and cylinders. Extremely large systems are possible.

Applications:

Over 100 different cylinder designs and tailpiece configurations enable Medeco to offer the largest retrofit capability in the industry.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® limited warranty for full details.

Technical Information:

- ANSI/BHMA A156.30 Level A certification assures patent protected key control and physical strength (M4)
- ANSI/BHMA A156.5 Grade 1 certification assures consistent quality for heavy use applications (M4)
- Medeco cylinders are constructed of durable machined brass components

Finishes:

- Available in all standard finishes to match existing hardware

Alarm Lock Cylinder

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Alarm Lock Trilogy® T1, T2, T3	20200V1 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V1 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

Anderson® Cylinder

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 5 Pin Cylinder for Anderson® Doors Frenchwood Hinged and Out Swinging Doors Estate and Metro Design	20110039 (P)	\$174.50	\$95.11	\$177.66	\$96.69	
	20110039 (S)	\$158.00	\$86.11	\$161.16	\$87.69	

Arrow Cylinder

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder Package for Arrow® "MK" Series includes CT-Y70, CT-Y73, CP-160321	20200A1 (P)	\$176.79	\$97.40	\$179.95	\$98.98	\$112.93
	20200A1 (S)	\$160.29	\$88.40	\$163.45	\$89.98	\$96.43
 Arrow® and Schlage® Packages Combined	20200H1 (P)	\$185.58	\$106.19	\$188.74	\$107.77	\$121.72
	20200H1 (S)	\$169.08	\$97.19	\$172.24	\$98.77	\$105.22
 6 Pin Cylinder for Arrow® "MK" Series (Except Ball) Original Cylinder Spacer must be replaced with Medeco Cylinder Spacer CP-160321	2020070 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020070 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Arrow RK Series	2020071 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020071 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Arrow® "MK" Series (B Knob Only) & GL Series Levers	2020073 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020073 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Arrow® "H", "S", & "HK" Knob Series, "Q", "L" Series Lever	2020249 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020249 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 pin cylinder for Arrow "QL" and "MLX" Series Levers	2020049 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020049 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Arrow® "M" Series (Tulip or Tudor) Knobs	208008 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	208008 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Arrow® "RL" Series Levers	2080700 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2080700 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Baldwin® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 5 Pin Cylinder for Baldwin® for 5245, 5250, 5255 Levers & 5215, 5225 Knobs	2001300 (P)	\$174.50	\$95.11	\$177.66	\$96.69	
	2001300 (S)	\$158.00	\$86.11	\$161.16	\$87.69	
 5 Pin Cylinder for Baldwin® for 5205, 5210 Knobs & 5270, 5280 Levers, (Not available in Original Technology)	2001200 (P)	\$174.50	\$95.11	\$177.66	\$96.69	
	2001200 (S)	\$158.00	\$86.11	\$161.16	\$87.69	

Cal-Royal Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Cal-Royal SL00 Knob Lock and LX01 Lever Lock	2020049 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020049 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Cal-Royal CLS03 Classroom Function Grade 2 Lever Lock	20200V1 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V1 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for K200, L100, LX100, L200, LX200, Levers	20200S1(P)	\$176.79	\$97.40	\$179.95	\$98.98	\$112.93
	20200S1(S)	\$160.29	\$88.40	\$163.45	\$89.98	\$96.43

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Corbin Russwin® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Corbin Russwin® CL3900	20200V9 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V9 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Corbin Russwin® old style 3300 & 3400 Series	2020575 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020575 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Corbin Russwin® 6600 Old Series, CK3400, CK4400 Knob	2020777 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020777 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Corbin Russwin® 800, CL3300, CL3400, CL3500, CL3600	20211730 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20211730 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 5 Pin Cylinder for Corbin Russwin® Knob (Old Style)	205003 (P)	\$175.50	\$95.66	\$178.68	\$97.25	\$111.64
	205003 (S)	\$159.00	\$86.66	\$162.18	\$88.25	\$95.14
 6 Pin Cylinder for Corbin Russwin® 5460A, 5460E (Old Style), 46 F97, 46 F29, 83 F05	205004 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	205004 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Corbin Russwin® CK 4200 (New Style) UT5251	205005 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	205005 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Corbin Russwin® 5460 B, C, D, G, M (Old Style)	205006 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	205006 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 5 Pin Cylinder for Corbin Russwin® 5600 Series Signet® & Ensign®	205008 (P)	\$174.50		\$177.66		\$110.64
	205008 (S)	\$158.00		\$161.16		\$94.14

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
 Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Dorma® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Dorma® CL700 Series Grade 2 Levers	2020049 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020049 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Dorma® CL860 (Interior), CL870, CL872, CL873, CL877 Grade 1 Lever, CK860 (Interior), CK870, CK872, CK873, & CK877 Grade 1 Knobs	20200V0 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V0 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Dorma® CL853, CL860 (exterior), CL880, CL882, CL80EL, CL80EU Grade 1 Lever, CK853, CK860 (exterior), CK880, CK882, CK80EL, & CK80EU Grade 1 Knobs	20200V1 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V1 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

Emtek® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 5 Pin Cylinder for Emtek® Knobs	2051100 (P)	\$174.50	\$95.11	\$177.66	\$96.69	
	2051100 (S)	\$158.00	\$86.11	\$161.16	\$87.69	
 5 Pin Cylinder for Emtek® Levers, Except Hanover and Helios	2051200 (P)	\$174.50	\$95.11	\$177.66	\$96.69	
	2051200 (S)	\$158.00	\$86.11	\$161.16	\$87.69	
 5 Pin Cylinder for Emtek Hanover and Helios Levers	2052000 (P)	\$174.50		\$177.66		
	2052000 (S)	\$158.00		\$161.16		

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Falcon® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Falcon® Single Cylinder Deadbolt Lock (New Style)	200903 (P)	\$175.50	\$95.66	\$178.68	\$97.25	\$111.64
	200903 (S)	\$159.00	\$86.66	\$162.18	\$88.25	\$95.14
 6 Pin Cylinder for Falcon® "B" Series	2020049 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020049 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® F521, F561, F581 and "N" Series Knobs	2020051 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020051 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® "S" Series (Except "H" Knob)	2020054 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020054 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® "S" Series ("H" Knob Only)	2020058 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020058 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® "X" Series (Except "H" Knob)	2020068 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020068 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® "X" Series ("H" Knobs Only) Original Cylinder Spacer must be replaced with Medeco Cylinder Spacer CP-160321	2020071 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020071 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® "LY" Lever	2020072 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020072 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® Inside Cylinder T-381	2020073 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	2020073 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 Pin Cylinder for Falcon® "B", "LY", "X", "S", & "T" series includes: CT-Y49, CT-Y54, CT-Y58, CT-Y68, CT-Y71, CT-Y72, CT-V03, CP-160311	20200F1 (P)	\$176.79	\$97.40	\$179.95	\$98.98	\$112.93
	20200F1 (S)	\$160.29	\$88.40	\$163.45	\$89.98	\$96.43
 6 Pin Cylinder for Falcon® "RU" Series and T381 Outside Cylinder	20200V3 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V3 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Hager® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
	2020249 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
6 Pin Cylinder for Hager® Lever Locksets, 3500 Series	2020249 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

KABA® Mas-Hamilton Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
	20200V1 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
MAS-Hamilton® Power Lever	20200V1 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
	2051500 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
6 pin cylinder for Kaba E-plex 2000 (18 bow key req. for Orig/Biax)	2051500 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

Lockwood® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
	201006 (P)	\$174.50		\$177.66		
5 Pin Cylinder for Lockwood® 530	201006 (S)	\$158.00		\$161.16		
	2020169 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
6 Pin Cylinder for Lockwood®	2020169 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

LSDA® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
	2020070 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
6 Pin cylinder for LSDA® 100 Series Knob (Except "B" Knob), L100 Series Lever	2020070 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
	2020073 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
6 Pin Cylinder for LSDA® 100 (B Knob Only)	2020073 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
	2020078 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
6 Pin Cylinder for LSDA® LX1000 Lever	2020078 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
	20200L1 (P)	\$176.79	\$97.40	\$179.95	\$98.98	\$112.93
6 Pin cylinder package for LSDA® 100, L100, LH1000, LX1000 Series. Includes: CT-Y49, CTY70, CT-Y73, CT-Y78	20200L1 (S)	\$160.29	\$88.40	\$163.45	\$89.98	\$96.43

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Marks® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Marks® 110, 170, 180, 190, 195, 295 Series DA-Vestibule, DC & SB Communicating, S-Classroom & Classroom Security Functions	20200V0 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V0 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14
 6 pin Cylinder for Marks 110, 170, 180, 190, 195, 295 Series in AB-Entrance, DW Institution, F-Storeroom, & T Corridor Functions	20200V1 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64
	20200V1 (S)	\$158.00	\$86.11	\$161.16	\$87.69	\$94.14

Marvin® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 5 Pin Cylinder for Marvin® Auxiliary Locks	2000827 (P)	\$174.50	\$95.11	\$177.66	\$96.69	
	2000827 (S)	\$158.00	\$86.11	\$161.16	\$87.69	

Medeco Embassy® Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Cylinder for Embassy® Vestibule, Communicating, Classroom & Classroom Security Functions. For Embassy Levers sold thru 9/06 & ALL Knobs	20200V0 (P)	\$174.50	\$95.11	\$177.66	\$96.69	\$110.64

KIK/KIL Tailpiece Packages

Description	Part Number	Price
Tailpiece Package for Arrow®: Listed as A1 in cylinder part number. Includes CT-Y70, CT-Y73 & CP-160321 (Spacer)	94-0034	\$15.50
Tailpiece Package for Schlage®: Listed as S1 in cylinder part number. Includes CT-Y49, CT-Y52, CT-Y53, CT-Y73, CT-Y74	94-0036	\$15.50
Tailpiece Package for Falcon®: Listed as F1 in cylinder part number. Includes CT-Y49, CT-Y54, CT-Y58, CT-Y68, CT-Y71, CT-Y72 & CP-160311	94-0035	\$15.50
Tailpiece Package for LSDA®: Listed as L1 in cylinder part number. Includes CT-Y49, CT-Y70, CT-Y73, CT-78	94-0272	\$15.50
Tailpiece Package for Schlage® "S" Series: Includes CT-Y97 & CP-021370	94-0051	\$39.10
Tailpiece package for Arrow®, Schlage® & Sargent®: Listed as H1 in cylinder part number. Includes CT-Y49, CT-Y52, CT-Y53, CT-Y54, CTY70, CT-Y73, & CP-160321	94-0061	\$27.40
Tailpiece Package for Sargent® & Arrow®: Includes CT-Y35, CT-Y37, CT-Y47, CT-Y55, CT-V61 (for SARGENT 10X)	94-0067	\$4.49
Tailpiece Package for Schlage® Deadbolt Cylinders: Listed as S4 in cylinder part number. Includes CT-F34, CT-F35, CT-F36, CT-F37, CT-F38	94-0098	\$15.50

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Large Format Interchangeable Core

Offering increased security without costly and time-consuming rekeying, interchangeable core cylinders enable quick and easy cylinder changes by non-technical personnel by using a special control key to remove the cylinder (core) from the lock housing. A core with a new combination can then be inserted, which in effect rekeys the lock. LFIC cylinders are often used on doors of high-turnover businesses, like fast-food or manufacturing environments, where rapid rekeying is often desirable. Medeco 4's (M4) patent-pending high security technology provides protection against unauthorized duplication of keys, along with hardened inserts to resist drilling, and features that protect against other types of attack.

Key Control

Patent-pending key control protects against unauthorized duplication of keys.

Protection Against 3D Printing

A patent-pending movable element in the key deters unauthorized 3D printed copies of keys or blanks.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Protection From Physical Attack

M4 LFIC cylinders are UL 437 listed to stand up to drilling, picking and other forms of physical attack.

Special Angled Cut Keys

A special key cutting machine and access to Medeco-specific blanks are required to duplicate M4 keys, which are available in multiple levels of restriction to support every need.

Quickly Change Cores

Provides quick and easy cylinder changes in the event keys are lost or stolen.

Uses Existing Hardware

Medeco offers a large selection of retrofit LFIC that reduce cost by eliminating the need to replace existing hardware.

Master Keying Capabilities

M4 cylinders can be master keyed into a system that includes M4 and M4 BiLevel keys and cylinders. Very large systems are possible.

Technical Information:

- Meets ANSI/BHMA A156.30 assuring patent protected key control and physical strength (M4)
- ANSI/BHMA A156.5 Grade 1 certification assures consistent quality for heavy use applications (Medeco 4)
- Solid brass construction provides high quality and long cylinder life
- Nickel plated pins provide exceptional wear resistance and additional hardened stainless steel pins provide drill resistance
- Ability to key with non-interchangeable core cylinders for cost effective system flexibility

Applications:

Office buildings, universities, apartments, perimeter doors, schools and hospitals.

Warranty:

Warranted for two (2) years against manufacturer's defects. See Medeco's limited warranty for full details.

Finishes:

Available in all standard finishes to match with existing hardware.

Available Technologies:

	320200 (S)	\$293.00	\$210.96	\$298.86	\$213.89	
 6 Pin LFIC Mortise Cylinder Assembly Hotel Function (Masterkey upcharges apply)	321200 (P)	\$312.50		\$318.42		
	321200 (S)	\$296.00		\$301.92		
 6 Pin Mortise Cylinder Master Corbin Russwin® Ring Size Assembly (Masterkey upcharges apply)	321350 (P)	\$356.50		\$363.30		
	321350 (S)	\$340.00		\$346.80		
 6 Pin 1-1/2" LFIC Mortise Cylinder Assembly (Masterkey upcharges apply)	325200 (P)	\$513.50		\$523.44		
	325200 (S)	\$497.00		\$506.94		
 6 Pin 1-3/4" LFIC Mortise Cylinder Assembly (Masterkey upcharges apply)	325400 (P)	\$533.50		\$543.84		
	325400 (S)	\$517.00		\$527.34		
 6 Pin 2" LFIC Mortise Cylinder Assembly (Masterkey upcharges apply)	325500 (P)	\$548.50		\$559.14		
	325500 (S)	\$532.00		\$542.64		
 6 Pin 2-5/8" LFIC Mortise Assembly (Masterkey upcharges apply)	325600 (P)	\$588.50		\$599.94		
	325600 (S)	\$572.00		\$583.44		
 6 Pin 3" LFIC Mortise Assembly (Masterkey upcharges apply)	325700 (P)	\$613.50		\$625.44		
	325700 (S)	\$597.00		\$608.94		

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

LFIC Mortise Housings

Description	Part Number	Price
 5 Pin Mortise Cylinder Housing	32-0175	\$121.00
 6 Pin Mortise Cylinder Housing	32-0275	\$121.00
 6 Pin Jumbo Mortise Cylinder Housing for Corbin® Russwin® Master Ring Cylinders	32-1375	\$167.00
 1-1/2" Mortise Cylinder Housing for 32-5200	32-5275	\$327.00
 1-3/4" Mortise Cylinder Housing for 32-5400	32-5475	\$345.00
 2" Mortise Cylinder Housing for 32-5500	32-5575	\$360.00
 2-1/4" Mortise Cylinder Housing for 32-5300	32-5375	\$379.00
 2-5/8" Mortise Cylinder Housing for 32-5600	32-5675	\$400.00
 3" Mortise Cylinder Housing for 32-5700	32-5775	\$427.00
 6 Pin 1 3/8" Mortise Cylinder Housing (Yale®)	31-0175	\$121.00
 7 Pin Mortise Cylinder Housing (Yale®)	31-0175A	\$121.00
 2-1/4" Mortise Cylinder Housing (Yale®)	31-5375	\$365.00

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
 Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

LFIC Rim Cylinders

Description	Part Number	M4	M4 BiLevel	M3	M3 BiLevel	X4
 6 Pin Rim Cylinder Assembly for Yale®, Horizontal Tailpiece (Masterkey upcharges apply)	310102H (P)	\$319.50	\$232.45	\$325.56	\$235.48	
	310102H (S)	\$303.00	\$223.45	\$309.06	\$226.48

	320400V (S)	\$303.00	\$218.16	\$309.06	\$221.19	
 5 Pin Rim Cylinder Assembly with Lazy Motion Tailpiece (Masterkey upcharges apply)	320600 (P)	\$288.50		\$293.94		
	320600 (S)	\$272.00		\$277.44		
 6 Pin Lazy Motion Rim Cylinder Assembly (Masterkey upcharges apply)	320700 (P)	\$320.50		\$326.58		
	320700 (S)	\$304.00		\$310.08		
 6 pin Rim Cylinder with Sargent mounting holes (Masterkey upcharges apply)	320405H (P)	\$339.50		\$345.96		
	320405H (S)	\$323.00		\$329.46		

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

LFIC Rim Cylinder Housings

Description	Part Number	Price
 7 Pin Rim Cylinder Housing (Yale®), Horizontal Tailpiece	31-0153H	\$130.00
 7 Pin Rim Cylinder Housing (Yale®), Vertical Tailpiece	31-0153V	\$130.00
 6 Pin 1-1/2" Rim Cylinder Housing (31 series for Yale®), Horizontal Tailpiece	31-0375H	\$130.00
 6 Pin 1-1/2" Rim Cylinder Housing (31 series for Yale), Vertical Tailpiece	31-0375V	\$130.00
 6 Pin Rim Cylinder Housing - 31 Series with Sargent® mounting hole spacing	31-0375S	\$130.00
 5 Pin Rim Cylinder Housing, Horizontal Tailpiece	32-0375H	\$115.00
 5 Pin Rim Cylinder Housing, Vertical Tailpiece	32-0375V	\$115.00
 6 Pin Rim Cylinder Housing, Horizontal Tailpiece	32-0475H	\$130.00
 6 Pin Rim Housing, Vertical Tailpiece	32-0475V	\$130.00
 6 Pin Rim Cylinder Housing – 32 Series with Sargent® mounting hole spacing	32-0477H	\$130.00
 5 Pin Rim Cylinder Housing with Lazy Motion Tailpiece	32-0675	\$113.00
 6 Pin Rim Lazy Motion Cylinder Housing	32-0775	\$132.00

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Small Format Interchangeable Core (SFIC)

Medeco Small Format Interchangeable Core (SFIC) products are industry standard and compatible with existing door hardware.

They offer rapid combination changes that can be managed by non-technical personnel using a special control key to remove the cylinder (core) from the lock housing. A core with a new combination can then be inserted, which in effect rekeys the lock. All of this can be done without having to take the lock apart.

Medeco SFICs are the easiest way to upgrade security for cylinders that are already in place. Medeco's industry-standard SFIC products include:

- **Medeco X4:** Provides patented protection against unauthorized key duplication through 2030.
- **Medeco B:** Cylinders are compatible with popular keyways such as A-Q, W and T.
- **Medeco XT:** Offers audit information, scheduling, and analytics in an SFIC format. (Refer to Medeco XT section of the catalog for more details.)

By using existing door hardware, Medeco SFICs help reduce cost while upgrading security.

Patented Key Control

Protects against unauthorized duplication of your keys.

Uses Existing Hardware

Industry standard Small Format Interchangeable Cores (SFIC) size, reduces cost by eliminating the need to replace your existing hardware.

Quickly Change Cores

Provides quick and easy cylinder changes in the event keys are lost or stolen.

Technical Information:

- SFICs are available in six or seven pin cylinders, and can replace Best style cores
- Solid brass construction for excellent durability
- Spool shaped top and bottom pins add a measure of pick resistance (X4 and Medeco B)
- Individual pin chamber caps provide ease of servicing

Applications:

Convenience stores and fast-food restaurants, schools, office buildings, hospitals, and wherever else SFIC's need to be upgraded.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® limited warranty for full details.

Finishes:

X4 and Medeco B SFIC's are available in all standard finishes to match with existing hardware.

(See finishes on inside back cover.)

XT SFIC's are available in:

- 06 – Satin Brass
- 12 – Satin Bronze
- 13 – Dark Bronze/Oil rubbed
- 26 – Satin Chrome
- BB – Matte Black

(Note: There is a fee for all XT finishes other than 26- Satin Chrome.)

Available Technologies:

- X4
- XT (please see XT section of catalog for more details)
- Medeco B

How To Order Small Format Interchangeable Core

Medeco X4

LEVEL 1 – Patented Key Control

Cores Only	Part Number	Notes
6 Pin Small Format Interchangeable Core with Clip Retainer, Removable Front Plate	33600006 (P)	Pinned pricing includes master key system design and pinning, as well as two cut keys.
	33600006 (S)	
7 Pin Small Format Interchangeable Core with Clip Retainer, Removable Front Plate	33700006 (P)	Note: Conventional cylinders are available (KIK, Rim, Mortise, etc.) and can be easily integrated into an SFIC Master Key System
	33700006 (S)	

How to Order Medeco X4:

(P) = Pinned (S) = Sub-Assembled

Medeco B

LEVEL 0 – Convenience

Cores Only	Part Number	Notes
6 Pin Small Format Interchangeable Core, Medeco B stamping	33-6B07X (P)	Pinned pricing includes master key system design and pinning, as well as two cut keys
	33-6B07X (S)	
6 Pin Small Format Interchangeable Core, no stamping	33-6B01X (P)	
	33-6B01X (S)	
7 Pin Small Format Interchangeable Core, Medeco B stamping	33-7B07X (P)	
	33-7B07X (S)	
7 Pin Small Format Interchangeable Core, no stamping	33-7B01X (P)	
	33-7B01X (S)	

How to Order Medeco B:

(P) = Pinned (S) = Sub-Assembled

Keyway Family

0 = Keyways 1CTE

W = Keyways WA-WY

Small Format Interchangeable Core

Description	Part Number	Medeco B	X4	KeyMark
 Medeco X4 and KM 6 Pin SFIC	33600006 (P) 33600006 (S)	\$93.30 \$76.80	\$99.44 \$82.94

	337020B2 (S)	\$131.21	\$141.37
 6 Pin SFIC with 1-1/2" Ext.Face Rim Assembly	33602033 K(P)	\$147.71	\$157.87
	33602033 K(S)	\$131.21	\$141.37
 6 Pin SFIC with 1-1/2" Ext.Face Rim Assembly	33602043 K(P)	\$147.71	\$157.87
	33602043 K(S)	\$131.21	\$141.37
 7 Pin SFIC with 1-1/2" Ext.Face Rim Assembly	33702043 K(P)	\$147.71	\$157.87
	33702043 K(S)	\$131.21	\$141.37

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
 Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

SFIC Mortise Cylinders

Description	Part Number	X4	KeyMark
 6 Pin SFIC 1-1/4" Mortise Assembly	33602012 (P)	\$143.50	\$153.66
	33602012 (S)	\$127.00	\$137.16
 7 Pin SFIC 1-3/8" Mortise Assembly	33702022 (P)	\$143.50	\$153.66
	33702022 (S)	\$127.00	\$137.16
 7 Pin SFIC 1-3/8" Corbin® Jumbo Assembly	337020C2 (P)	\$143.50	\$153.66
	337020C2 (S)	\$127.00	\$137.16
 7 Pin SFIC 1-1/2" Mortise Cylinder Assembly	337020E2 (P)	\$143.50	\$153.66
	337020E2 (S)	\$127.00	\$137.16
 6 Pin SFIC 1-1/4" Ext. Face Mortise Assembly Medeco KM only	33602013 K(P)		\$153.66
	33602013 K(S)		\$137.16
 7 Pin SFIC 1-3/8" Ext. Face Mortise Assembly Medeco KM only	33702023 K(P)		\$153.66
	33702023 K(S)		\$137.16
 6 Pin SFIC 7/8" body length (1-3/8" overall) Tapered Head Mortise Assembly	33602052 (P)	\$143.50	\$153.66
	33602052 (S)	\$127.00	\$137.16
 6 Pin SFIC 1" body length (1-1/2" overall) Tapered Head Mortise Assembly (can accept 7 pin core)	33602062 (P)	\$143.50	\$153.66
	33602062 (S)	\$127.00	\$137.16
 6 Pin SFIC 7/8" body length (1-3/8" overall) Ext. Face Tapered Head Mortise Assembly	33602053 K(P)	\$143.50	\$153.66
	33602053 K(S)	\$127.00	\$137.16
 6 Pin SFIC 1" body length (1-1/2" overall) Ext. Face Tapered Head Mortise Assembly (can accept 7 pin core)	33602063 K(P)	\$143.50	\$137.16
	33602063 K(S)	\$127.00	\$137.16

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

SFIC Housings

Description	Part Number	Price
 6 Pin 1-1/4" Mortise Housing Only	33-076011	\$24.49
 6 or 7 Pin 1-3/8" Mortise Housing Only	33-076021	\$24.49
 7 Pin 1-1/2" SFIC Mortise Housing Only, (If using 6 Pin core spacer CP-160420 required)	33-076025	\$49.30
 7 Pin 1-3/8" Housing Only for Corbin® Russwin® Master Ring Cylinders*	33-076028	\$72.88
 6 Pin 7/8" Tapered Head Mortise Housing Only	33-076051	\$24.49

Showcase Lock Housing

Description	Part Number	Price
Showcase lock for SFIC cylinder. Works with Medeco X4, Medeco XT, or Medeco B SFIC. SFIC sold separately.	33-07340	\$101.00

(P) = Pinned (combined)

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.
Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Medeco Maxum® Deadbolts

Commercial and Residential

Deadbolts are about strength. Just hold an ANSI/BHMA Grade 1 Maxum® deadbolt in your hand, and you know this is one tough hunk of protection. Medeco Maxum deadbolts are available in commercial style or residential trim, and offer superior physical protection attacks and break-ins. The difference between the commercial and residential deadbolt is that the residential version has a trim aesthetically-suited for homes.

They are also available as a single- or double-cylinder or with a “captive thumbturn.” The captive thumbturn converts the inside cylinder to a thumbturn for easy exit when the facility/home is occupied.

A quick conversion when the facility/home is not occupied returns it to double cylinder mode to guard against unauthorized entry. Medeco 4 (M4) Maxum® Maxum® deadbolts are UL 437 listed, offering maximum protection with solid-brass construction, along with anti-drilling, picking and anti-prying features.

Maxum Commercial Deadbolt

Maxum Residential Deadbolt

Key Control

Patent-pending key control protects against unauthorized duplication of keys (Medeco 4).

Protection Against 3D Printing

A patent-pending movable element in the key deters unauthorized 3D printed copies of keys or blanks (M4).

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Certified Grade 1

BHMA certified Grade 1, passes to the highest standards in the industry (M4).

Drill Protection

Offers maximum protection with solid-brass construction and strategically placed drill pins.

Protection From Physical Attack

M4 Maxum Deadbolts are UL 437 Listed and stand up to prying, picking and other forms of physical attack.

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Master Keying Capabilities

M4 deadbolts can be master keyed into a system that includes M4 and M4 BiLevel keys and cylinders. Extremely large systems are possible.

Technical Information:

- ANSI/BHMA A156.36 Grade 1 (M4) and UL 437 listed cylinders for high security (M4)
- Fits doors 1-3/8" to 2-1/2" thick
- Standard 2-1/8" crossbore and 1" edge bore (ANSI/BHMA A115.13 prep)

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® Limited Warranty for full details.

Finishes:

Available in all standard finishes to match existing hardware.

Applications:

Ideal for a wide variety of commercial and residential applications where consistent quality, ease of use and installation are required.

- Office buildings
- Restaurants
- Hospitals
- Apartments
- Schools
- Retail outlets

Available Technologies:

Mechanical:

- M4/M4 BiLevel
- M³/M³ BiLevel
- X4

Intelligent Key:

- M³ CLIQ
- Classic CLIQ
- X4 CLIQ

Note: The 1-3/8" deadbolt also requires spacers.

All Weather Padlocks

The Medeco All Weather Padlock (AWP) offers the highest level of severe weather protection. The body is solid 303 stainless steel and is available with either stainless steel or boron shackles. A weatherproof cylinder seal cap, attached by a stainless steel cable, seals the cylinder from harsh environments. Multiple mechanical and Intelligent Key technologies are available.

The AWP is not only weatherproof, it is also a high security padlock when a Medeco 4 (M4) cylinder is included. M4 cylinders provide the benefit of patented key control and resistance to surreptitious attacks while both the Medeco CLIQ and Medeco XT cylinders add sophisticated audit and control features.

Patented Key Control

Protects against unauthorized duplication of keys.

Special Angled Key Cuts (HS Cylinder Models)

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Can Be Master Keyed

Medeco can be master keyed into a system containing M4 or X4 mechanical as well as M³ CLIQ or XT Intelligent Key systems.

Protection From Shackle Attack

Hardened boron alloy steel shackles (5/16" and 7/16" diameters) provide strong resistance against cutting, sawing and prying. Available in both and 1-7/8" and 2-3/8" or 1" and 2-1/2" lengths.

Protection From Physical Attack

M4 cylinders are UL 437 listed and resist drilling, forcing and other forms of physical attack.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Benefits:

- 300 Series, solid, machined stainless steel body resists attack and corrosion
- 5/16" and 7/16" diameter, stainless steel and boron shackles
- 1-7/8", 2-3/8", 2", and 2-1/2" shackle lengths
- Padlocks are shipped with a weather proof cylinder seal cap attached by a stainless steel cable
- IP68 Environmental protection rating for harsh environments
- ASTM F883-13 rating for tensile pull, shock, plug pull, plug torque, cutting, and corrosion (salt fog)
- Vibration tested per MIL-STD-202G, method 201A
- Key retaining cylinder design
- O-ring sealed cap, cylinder, and shackles resist grime and water penetration at low temperatures

Applications:

The AWP series is designed for installations requiring service in harsh weather conditions. Applications include outdoor perimeter fencing, gates, tool cabinets, storage, and transportation cargo containers. Ideal for Intelligent Key cylinders in outdoor harsh environments.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco limited warranty for full details.

Finishes:

The padlock comes in a standard industrial stainless steel finish and the cylinders are furnished in the satin brass finish.

Available Key Technologies:

Mechanical:

- M4/M4 BiLevel
- M³/M³ BiLevel
- X4

- Medeco Biaxial*
- * Medeco Biaxial requires extended throat key blank

Intelligent Key:

- Medeco XT
- M³ CLIQ
- X4 CLIQ

How to Order AWP Series Padlocks:

Complete part numbers are required for all orders. To determine the correct part number, fill in the "Xs" in sequential order.

System Series Padlocks

The Medeco® System Series padlock offers a high security solution for a multitude of applications and is available in two distinctive body styles, an indoor/outdoor weather resistant design or with a shrouded shackle. Both models utilize a boron alloy steel shackle which provides protection against cutting and increased tensile strength to resist pulling attacks. The boron alloy steel also ensures that the shackle has an exceptional degree of ductility and is not brittle. The cylinder itself uses hardened, stainless steel inserts to provide the ultimate defense against drilling, pulling and other forms of vandal attack. All Medeco 4 (M4) keys and locks are protected under patent, trademark, and copyright laws. M4 keys may only be duplicated by Medeco® or by a Medeco® authorized sales outlet, and only at your request.

Patented Key Control

Protects against unauthorized duplication of your keys.

Protection From Physical Attack

M4 padlock cylinders are UL 437 listed and stand up to drilling, picking and other forms of physical attack.

Proprietary Deadlocking Shackle

Boron alloy steel shackles protect against cutting and pulling attacks.

Can Be Master Keyed

Medeco System Series Padlocks can be master keyed into a system containing M4 and M4 BiLevel, X4, and the CLIQ Intelligent Key system.

Available in Intelligent Key System

System Series Padlocks are also available with the Medeco CLIQ Intelligent Key system for Loss & Liability control.

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Technical Features:

- Available with either a 5/16 inch or a 7/16 inch shackle diameter.
- Available in Indoor/Outdoor weather resistant design or with a shrouded shackle.
- Extended shackles available for Indoor/Outdoor padlocks only.
- The shrouded shackle design provides extra shackle protection against cutting attacks.
- All Medeco® cylinders are constructed of durable machined brass components, designed to last the life of your equipment.
- Boron alloy steel shackle which protects against cutting and pulling attacks.
- Available in a variety of different shackle lengths.

Applications:

Used in a variety of different indoor or outdoor applications where high security and key control are a primary concern.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® limited warranty for full details.

Finishes:

The padlock comes in a standard black body cover and the cylinders are furnished in satin brass finish.

Available Key Technologies:

Mechanical:

- M4
- M³/M³ BiLevel
- X4

Intelligent Key:

- M³ CLIQ
- Classic CLIQ
- Medeco XT
- X4 CLIQ

How to Order System Series Padlocks:

Complete part numbers are required for all orders. To determine the correct part number, fill in the "Xs" in sequential order.

50 and 52 Series Brass Body Padlocks

The Medeco 50 Series and 52 Series brass padlocks are available in two versions. The 50 Series Padlock is available with a removable cylinder or interchangeable core. The 52 Series Padlock is designed to be keyed with Medeco's 60 Series cam locks and switch locks.

Both padlocks can accept cylinders and cores which are UL listed and virtually pickproof and drillproof. Mechanical cylinders provide the benefit of patented key control and resistance to physical attacks. The padlock cases are constructed of brass with stainless steel shackles for corrosion protection or hardened steel for protection against sawing.

Patented Key Control

Protects against unauthorized duplication of keys.

Special Angled Key Cuts

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Can Be Master Keyed

50 and 52 Series Padlocks can be master keyed into the respective key technologies listed below.

Protection From Shackle Attack

The hardened boron alloy steel shackles provide strong resistance against cutting, sawing and prying. The stainless steel shackle protect against corrosion.

Protection From Physical Attack

M4 cylinders are UL 437 listed and resists drilling, picking and other forms of physical attack.

Picking and Bumping Protection

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Benefits:

- Optional dust cover protects keyway of cylinder from weather conditions
- Available keyed differently, keyed alike, or master keyed to your specific needs
- 50 Series and 52 Series padlocks are available in the non-key retained or key retained functions.
- Toe and heel deadbolt locking action
- The chain and clevis, designed for a more permanent attachment, are constructed of carbon steel with a zinc plating

Applications:

Medeco 50 and 52 Series padlocks can be used in a variety of indoor or outdoor applications including industrial safekeeping, perimeter gates, cargo vehicles, vending machines, gun cabinets, and more.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco limited warranty for full details.

Finishes:

- 50 Series – Satin Brass (06) only
- 52 Series – Satin Chrome (26) only

50 Series Available Key Technologies:

Mechanical:

- M4
- M³
- X4 (LFIC only)

- Biaxial

Intelligent Key:

- M³ CLIQ (LFIC only)

52 Series Available Key Technologies:

Mechanical:

- M³
- Original
- Biaxial

How to Order a 50 Series Padlock:

Complete part numbers are required for all orders. To determine the correct part number, fill in the "Xs" in sequential order.

1	50022010 base part # example				
Refer to pages 142 for descriptions and technical specifications to find the corresponding base part number.					
2 H technology	3 06 finish	4 M4 keyway	5 P pinning	6 624 side pin code (M4 only)	

H = M4
T = M³
W = Biaxial
- = Original
S = M³ CLIQ

Insert 06 for Satin Brass finish.
See inside back cover of the catalog for all finish options.

Insert keyway if known or contact Customer Service for help.

S = Sub-Assembled (Uncombined)
N = Sub-assembled,
– No side pins (M4 only)
– No slider (M3 only)
P = Pinned (Combined)
M = Master Keyed
R = Master Keyed
– blade and side pins (M4 only)

Insert side pin code if known or contact Customer Service for help.

Hockey Puck Padlocks

Medeco Hockey Puck style padlocks are the go-to choice wherever shackle attacks are a concern.

The reimaged padlock design now accepts industry-standard Large Format Interchangeable Cores (LFIC) and key-in-knob/lever cylinders. Pre-machined holes in the back allow for flexible mounting options. When combined with a mounted hasp the padlock remains attached, preventing the loss of the padlock.

The 304 stainless steel body provides the highest combination of drilling resistance, cutting resistance, and weatherability. The shackle-less design with a hidden bolt provides the highest level of protection against bolt cutter attacks.

Hockey puck padlocks are completely serviceable and can be re-keyed in case of lost or stolen keys. They can be ordered in a variety of different cylinder technologies. This includes in a high security format (Medeco 4) and Medeco XT for access control, audit trails, and much more. Hockey Puck Padlocks with X4 and M4 cylinders also offer patent protected key control.

Patented Key Control

Protects against unauthorized duplication of your keys.

Protection From Physical Attack

M4 cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Can Be Master Keyed

Medeco Hockey Puck Padlocks can be master keyed into existing Medeco 10 Series products.

Available in Intelligent Key

Medeco's Hockey Puck Padlocks are also available with the Medeco XT Intelligent Key system for Loss & Liability control.

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Picking and Bumping Protection

M4 cylinders use a sidebar that prevent the key from rotating until it is elevated, rotated and aligned in the correct position. This feature protects against bumping and picking attacks.

Technical Features:

- Body width: 2-7/8"
- Shackle: 3/8" diameter
- 304 stainless steel body
- LFIC and key-in-knob/lever cylinders
- Requires a key to relock
- Flat-back design or step-back design
- Shackle-less design with a hidden bolt for a high level of protection against bolt cutter attacks
- Pre-machined holes in the back allow for flexible mounting options

Applications:

- Gaming machines/gaming padlocks
- Vending machines
- Service vehicles/vans
- Storage cabinets/containers and shipping containers
- Gates

G8R Padlocks

Medeco® offers a variety of High Security Padlocks that are designed to accept both mechanical and Intelligent Key cylinders. With its tough, weather resistant construction, this is the padlock of choice for extreme environments such as trailers, cargo containers, and gates. The Medeco® G8R body is constructed of solid stainless steel. You can choose from either a stainless steel shackle for maximum corrosion resistance, or hardened steel to withstand severe physical attack. Each padlock includes a weather seal cap attached by a cable. The Medeco® G8R will accept either an Intelligent Key or mechanical t-handle cylinder. The mechanical cylinders provide the benefit of patented key control and pick resistance. Intelligent Keys sophisticated audit and control features transforming the G8R into a portable access control system for extreme environments.

Patented Key Control

Protects against unauthorized duplication of your keys.

Protection From Physical Attack

Medeco³ padlock cylinders are UL 437 listed and stand up to drilling, picking and other forms of physical attack. Available in either a hardened steel shackle to withstand severe physical attack or a stainless steel shackle for maximum corrosion resistance.

Weather Resistant Construction

Uses a weather seal cap, attached by a cable, to provide protection from water and road grime.

Available in Intelligent Key

Medeco G8R Padlocks are also available with Medeco Intelligent Key systems for Loss & Liability control.

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Picking and Bumping Protection

Medeco³ cylinders use a sidebar that prevent the key from rotating until it is elevated, rotated and aligned in the correct position. This feature protects against bumping and picking attacks.

G8R Series Padlock

Description	Part Number	Price
G8R Weather-tight Padlock, 5/16" Stainless Steel Shackle, less pop-out cylinder	52110040	\$196.00
G8R Weather-tight Padlock, 5/16" Hardened Steel Shackle, less pop-out cylinder	52111040	\$196.00
G8R Weather-tight Padlock, 7/16" Stainless Steel Shackle, less pop-out cylinder	52120040	\$196.00
G8R Weather-tight Padlock, 7/16" Hardened Steel Shackle, less pop-out cylinder	52121040	\$196.00
G8R cap and seal kit	94-0213	\$33.20

G8R padlocks are sold less cylinder and use a cam lock style key with pop-out plug.

Keys are charged separately for this style cylinder.

Technical Information:

- 300 series, cast stainless steel body.
- Padlock is sold less cylinder. Compatible with Medeco® mechanical and NEXGEN electronic t-handle cylinders.
- Padlocks are shipped with a weather seal cap attached by a steel cable. A finish plate is included for applications that do not require the weather seal cap.
- Sealed construction protects cylinders from water and road grime.
- Stainless steel body resists attack and corrosion.
- Shackles can be specified in stainless or hardened steel to fit your application.

Applications:

- The G8R Series was designed for locking installations requiring weather resistance and strong physical security. Applications include: cargo containers, trailer doors, gates, vending machines.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® limited warranty for full details

Cam Locks

Medeco® High Security Cam Locks are recognized throughout the world as the standard for protection in a 3/4 inch diameter lock. Medeco Cam Locks utilize hardened, stainless steel inserts throughout the cylinder to provide the ultimate defense against drilling, pulling, and other forms of vandal attacks. Patented key control programs prevent the unauthorized duplication of keys and maintain system integrity. Keyed alike, keyed different, or master keyed, Medeco offers a complete line of cam locks in a wide variety of sizes and functions to meet your specific needs.

Patented Key Control

Protects against unauthorized duplication of your keys.

Available in Intelligent Key System

Medeco cam locks are also available with Medeco Intelligent Key Systems for loss & liability control.

Can Be Master Keyed

Medeco Cam Locks can be keyed alike, keyed different or master keyed.

Protection From Physical Attack

Medeco³ cam locks are UL 437 Listed and stand up to drilling, picking and other forms of physical attack.

Benefits:

- All Medeco cylinders are constructed of durable machined brass components.
- Hardened stainless steel inserts inside the cylinder provide the ultimate defense against drilling and other forms of physical attack.
- Unique elevating and rotating tumbler pin system is virtually pick proof.
- Patented Medeco³ keys may only be duplicated by Medeco or an authorized Medeco service outlet, and only at your request.
- Locks can be keyed alike, keyed different, or master keyed depending on your specific needs.
- Available in various lengths and rotations.

Technical Information:

- Four or five pin models available depending on size
- Available in three standard sizes, 11/16 inch, 7/8 inch and 1-1/8 inch. Other sizes available upon request.
- Two flat models available, key retaining only
- Clockwise or counterclockwise rotation, 90 or 180 degrees
- Keyed alike, keyed different, or master keyed

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco limited warranty for full details

Finishes:

- 26 satin chrome finish standard
- Other finishes available, depending on volume

Certification:

- UL 437 Listed

Applications:

Medeco Cam Locks can be used in any standard 3/4 inch diameter application and a multitude of markets including:

- | | |
|------------------|-------------------|
| • Safes | • Utility |
| • Communication | • Data Encryption |
| • Alarm | • Cabinet |

(S) = Sub-assembled (uncombined)

Surcharges for Master Keying, Custom Coining and Custom Stamping apply, see page 195.

Refer to the XT and CLIQ Intelligent Key sections for format availability and pricing.

Removable Core Cam Locks

Medeco® Cam Locks are available with a removable core feature allowing cores to be changed out in seconds, to provide an entirely new keying combination. For applications that may require instantaneous re-keying due to lost or stolen keys, or where periodic re-keying is done as a matter of good business practice, Medeco removable core cam Locks save valuable time and money. Removable core cam locks offer the same high security features of a Medeco cam lock with the convenience of a removable core.

Patented Key Control

Protects against unauthorized duplication of your keys.

Quickly Change Cores

Medeco removable provide quick and easy cylinder changes in the event keys are lost or stolen.

Protection From Physical Attack

Medeco³ Cam Locks are UL 437 Listed and stand up to drilling, picking and other forms of physical attack.

Benefits:

- Removable cores can be changed out in seconds to provide a new, secure keying combination.
- All Medeco cylinders are constructed of durable machined brass components.
- Hardened stainless steel inserts inside the cylinder provide the ultimate defense against drilling and other forms of physical attack.
- Unique elevating and rotating tumbler pin system is virtually pick proof.
- Patented Medeco³ keys may only be duplicated by Medeco or an authorized Medeco service outlet, and only at your request.
- Locks can be keyed alike, keyed different, or master keyed depending on your specific needs.
- Available in various lengths and rotations.

Cabinet Locks

Medeco® cabinet locks are specifically designed for drawer or cabinet door applications where a conventional utility cam lock may not be suitable. Cabinet locks utilize heavy-duty bolts and multi-point attachment to the mounting surface in order to withstand the heavy use and higher physical security some applications may require. All Medeco cabinet locks feature solid brass and steel construction, available in either fixed or removable core. Patented key programs prevent the unauthorized duplication of keys and maintain system integrity. Keyed alike, keyed different, or master keyed, the Medeco cabinet lock is the perfect solution for your showcase security needs.

Patented Key Control

Protects against unauthorized duplication of your keys.

Available in Intelligent Key

Medeco cabinet locks are also available with Medeco Intelligent Keys for loss & liability control.

Protection From Physical Attack

Medeco³ cabinet locks are UL 437 Listed and stand up to drilling, picking and other forms of physical attack.

Benefits:

- Medeco high security cabinet locks are constructed of durable machined brass and solid steel components.
- Available in either fixed or removable core depending on your specific requirements.
- Available in either deadbolt or spring latch models.
- Unique elevating and rotating tumbler pin system is virtually pick proof.
- Patented Medeco³ keys may only be duplicated by Medeco or an authorized Medeco service outlet, and only at your request.
- Medeco Cabinet Locks can be keyed in with other 60 Series products.
- Locks can be keyed alike, keyed different, or master keyed depending on your specific needs.

Technical Information:

- Five pin models available in either deadbolt or spring latch versions.
- 7/8 inch diameter, surface mount, fixed or removable core available.
- Deadbolt fixed core available in non-key retaining.
- Keyed alike, keyed different, or master keyed.

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® limited warranty for full details.

Finishes:

- 26 satin chrome finish standard.
- Other finishes available, depending on volume.

Applications:

- Medeco cabinet locks are specifically designed for use in metal or wooden drawer and cabinet door applications including:
 - Medical and narcotics
 - Chests and cabinets
 - Showcases
 - Cash carts
 - Drawers

Available Key Technologies:

Mechanical:

- M³
- X4

Intelligent Key:

- Medeco XT

Plunger Locks

Medeco® Plunger Locks are specifically designed for use in wooden or metal sliding doors. Complete with a spring loaded pop out cylinder, the Medeco plunger lock is ideal for security merchandise showcases, metal cabinets, and laboratory and office furniture. Plunger Locks require no key when locking the device; simply push in on the cylinder to relock. Patented key programs prevent the unauthorized duplication of keys and maintain system integrity. Keyed alike, keyed different, or master keyed, the Medeco plunger lock is the perfect solution for your security needs.

Patented Key Control

Protects against unauthorized duplication of your keys.

Can Be Master Keyed

Medeco Plunger Locks can be keyed alike, keyed different or master keyed.

Protection From Physical Attack

Medeco³ Plunger Locks are UL 437 Listed and stand up to drilling, picking and other forms of physical attack.

Benefits:

- Medeco Plunger Locks are constructed of durable machined brass and solid steel components
- Unique elevating and rotating tumbler pin system is virtually pick proof
- Patented Medeco³ keys may only be duplicated by Medeco or an authorized Medeco service outlet, and only at your request
- Medeco Plunger Locks are completely serviceable, and can be re-keyed in case of lost or stolen keys
- Locks can be keyed alike, keyed different, or master keyed depending on your specific needs

Micro Switch Locks

Medeco's 3/4" diameter, high security Switch Locks offer a wide range of electrical functions with the physical security and patented key control of a Medeco cylinder. Available in either single or double switch models, Medeco Switch Locks are ideally suited for applications requiring controlled access to electrically activated systems, including alarms, ATMs, time delay safes, encryption devices, heavy power equipment, control panels and electrically accessed doors and gates. The Medeco³ unique design provides triple locking action, making the locks virtually pick proof. All Medeco³ keys and locks are protected by trademark and copyright laws. Medeco keys may only be duplicated by Medeco or by an authorized Medeco dealer, and only at your request.

Patented Key Control

Protects against unauthorized duplication of your keys.

Can Be Master Keyed

Medeco Switch Locks can be keyed alike, keyed different or master keyed.

Protection From Physical Attack

Medeco³ Switch Locks are UL 437 Listed and stand up to drilling, picking and other forms of physical attack.

Benefits:

- All Medeco cylinders are constructed of durable machined brass components, designed to last the life of your equipment.
- Available in single or double switch models, momentary and maintained positions.
- Silver or gold contacts (for low amperage applications) designed to accept quick connect leads.
- Hardened stainless steel inserts inside the cylinder provide the ultimate defense against drilling and other forms of physical attack.
- Unique elevating and rotating tumbler pin system is virtually pick proof.
- Medeco³ keys may only be duplicated by Medeco or an authorized Medeco service outlet, and only at your request.
- Medeco Switch Locks are completely serviceable, and can be re-keyed in case of lost or stolen keys.
- Locks can be keyed alike, keyed different, or master keyed depending on your specific needs.

Certification:

- UL 437 Listed
- Switch - UL Registered, CSA Certified

Applications:

- Medeco High Security Switch Locks can be used in any standard 3/4 inch diameter switch lock application and a multitude of markets including:
 - Heavy Power Machinery
 - Time Delay Safes
 - Material Handling Equipment
 - Construction Vehicles
 - Electrically Accessed Gates
 - Cash Control Systems
 - Encryption Devices
 - Alarms
 - Control Panels
 - ATMs

Warranty:

Warranted for two (2) years against manufacturer's defects. See the Medeco® limited warranty for full details.

Technical Information:

- Five pin, 3/4 inch double "D" mounting standard.
- Available in either single or double switch models with either silver or gold contacts.
- Rated at 7 amps resistive at 125/250 VAC.
- Contacts designed to accept quick connect leads (AMP connector number 60598-3)

Finishes:

- 26 satin chrome finish standard.
- Other finishes available, depending on volume.

Rotary Switch Locks

The Medeco® rotary Switch Locks is designed for use with most brands of rotary switches, providing maximum versatility in systems requiring multiple switch functions. Switch Locks are available with a variety of key withdrawals at 45° increments. Positive stops are available to eliminate over-torquing of switch stops. Switch Locks use a five pin cylinder to maximize keyed different and master keying capabilities. Medeco design and engineering resources are available to assist customers with special functional requirements. The Medeco³ unique design provides triple locking action, making the locks virtually pick proof. All Medeco³ keys and locks are protected under patent, trademark and copyright laws. Medeco³ keys may only be duplicated by Medeco or by an authorized Medeco dealer, and only at your request.

Patented Key Control

Protects against unauthorized duplication of your keys.

Available in Intelligent Key

Medeco Switch Locks are also available with Medeco Intelligent Keys for loss & liability control.

Can Be Master Keyed

Medeco switch locks can be keyed alike, keyed different or master keyed.

Protection From Physical Attack

Medeco³ switch locks stand up to drilling, picking and other forms of physical attack.

Benefits:

- All Medeco cylinders are constructed of durable machined brass components, designed to last the life of your equipment.
- Hardened stainless steel inserts inside the cylinder provide the ultimate defense against drilling and other forms of physical attack.
- Unique elevating and rotating tumbler pin system is virtually pick proof.
- Patented Medeco³ keys may only be duplicated by Medeco or an authorized Medeco service outlet, and only at your request.
- Medeco Switch Locks are completely serviceable, and can be re-keyed in case of lost or stolen keys.

International Cylinders

Medeco's international cylinders are designed to fit in locksets of major world manufacturers. In addition to international uses, many of these cylinders fit imported hardware used in North America. Medeco offers a variety of international cylinders including European profile and modular cylinders in both mechanical and Intelligent Key technologies. The Medeco European Profile cylinder has a teardrop shape that fits into storm doors, upscale hardware and specialty applications and is available in single, half and double cylinder versions. Cylinders are also available in: oval, round, and "snowman" formats.

Patented Key Control

Patent-pending key control protects against unauthorized duplication of keys (Medeco 4*).

Protection Against 3D Printing

A patent-pending movable element in the M4* key deters unauthorized 3D printed copies of keys or blanks.

Picking and Bumping Protection

M4* cylinders use cylinder side pins, a lift pin and a movable key element to engage a sidebar that prevents the key from turning until the elements are rotated and aligned in the correct position, protecting against bumping, picking and other attacks.

Protection From Physical Attack

M4* cylinders are UL 437 Listed and use hardened steel inserts positioned in critical areas of the cylinder, providing a high degree of drill and picking resistance (For the highest grade of protection, Euro Profile cylinders and Ovals – should be installed with hardened escutcheons.).

Special Angle Cut Keys

Requires a special key cutting machine and access to Medeco specific blanks, available in a variety of restrictions to support every need.

Intelligent Key Cylinders

Medeco's international cylinders are also available in electronic Intelligent Key format for loss & liability control.

Master Keying Capabilities

M4* international-style cylinders can be master keyed into a system containing M4 and M4 BiLevel.

Technical Information:

- Utility patented key control provides protection from unauthorized duplication of keys in most countries (M4*, M3)
- Superior master keying capability to accommodate systems of virtually any size
- Solid brass construction provides high quality and long cylinder life
- Nickel plated pins provide exceptional wear resistance and additional hardened stainless steel pins provide drill resistance
- European profile cylinders retrofit into virtually any manufacturers' locksets requiring DIN Standard cylinders
- Pin chamber set screws provide ease of rekeying and resist comb attacks
- 5 and 6 pin cylinders available

Certification (M4 Pending):

EPIC–Euro Profile Interchangeable Core

Medeco EPIC-Euro Profile cylinders are designed to accept a special, slab-sided, small format interchangeable core (SFIC) cylinder to retrofit into most standard European Profile applications.

Medeco Euro profiles can be furnished with Medeco's patented X4 technology, offering unmatched key control, the widest array of retrofit cylinders and four times the master keying capability.

Patented Key Control

Protects against unauthorized duplication of your keys.

Uses Existing Hardware

European profile cylinders retrofit into virtually any manufacturers' locksets requiring DIN Standard cylinders.

Superior Master Keying Capability

Furnished with Medeco X4 SFIC, EPIC offers superior master keying to accommodate very large systems.

Medeco X4 Technical Information

- 6 and 7 Pin cylinders available
- Solid nickel silver pins
- Many cylinder formats available
- Profile cylinders available in multiple sizes, finishes and functions
- Where interchangeable core is not required, Euro profile cylinders are also available in modular components and assembled standard lengths.
- Solid brass construction provides high quality and long cylinder life
- Solid nickel silver pins and keys
- European Profile Cylinders retrofit into virtually any manufacturers' locksets equivalent to DIN Standards
- For the highest grade of protection, Euro Profile cylinders and Ovals – should be installed with hardened escutcheons

Warranty

Warranted for (2) years against manufacturing defects. See Medeco Limited Warranty for full details.

Medeco X4 Conventional Slider and Spring Package	94-0255-XX	\$16.00
Medeco X4 SFIC Slider and Spring Package	94-0256-XX	\$16.00
Medeco X4 Conventional Locking Pin	CP-064231	\$5.44
Medeco X4 SFIC Locking Pin	CP-064701	\$5.44

Cam & Tailpiece Kit

Description	Part Number	Price
10 and 20 Series Tailpieces (Plastic Box, Assorted Cams and Tailpieces for 10 & 20 Series) Includes: CT-Y02, CT-Y08, CT-Y24, CTY32, CT-Y49, CT-Y52, CT-Y53, CT-Z00, CT-Z01, CT-Z02, CT-Z04, CT-Z06, CT-Z07, CT-Z08, CTZ09, CT-Z16	.K-1099	\$741.00

Empty Pin Boxes - Any Technology

Description	Part Number	Price
Large Latched Metal Pin Box (Empty) 60 Assorted Size Compartments. Overall Measurements 1.875" Deep, 13.56" wide, 9.75 front to back.	CP-282460	\$292.00
Small Latched Metal Pin Box (Empty) 67 Assorted Size Compartments, Overall .688" Deep, 8.876" Wide, 5.875" Front to Back	CP-282470	\$176.00

Pin Hole Covers for 60 Series (sold in packs of 100)

Description	Part Number	Pack Sizes	Price
5 Pin, Pin Hole Covers-Brass	CP-170021	100	\$47.00
4 Pin, Pin Hole Covers-Brass	CP-170041	100	\$67.00
3 Pin, Pin Hole Covers-Brass	CP-170031	100	\$67.00

Tools & Fixtures

Description	Part Number	Price	
Spanner Wrench for Rim Cylinder Tailpiece Nut	90-0001	\$4.35	
	Medeco 4/Universal Key Gauge/Decoder	94-0323	\$43.00
Installation Tool for Key-in-Knob capping	94-0207	\$2.38 (NET)	
	5 Pin Staking Tool, 60 Series Cam/ Switch Locks and 32 Series LFIC	CP-282430	\$162.00
	Holding Block Assembly (use with 10, 20, 32, & 60 Series Cylinders)	CP-282451	\$1,167.00
	Switch Lock Tool (Facilitates spring insertion on momentary function)	T-7155	\$35.90
	Medeco X4 I/C Pinning Block (6 or 7 Pin)	CP-282500	\$244.00
	Medeco X4 I/C Pin Ejector	CP-282530	\$59.60
	Medeco X4 I/C Hand Capping Punch	CP-282540	\$38.60
Medeco X4 Key Decoder	CP-286350	\$44.00	
Sargent LFIC (X4 and M3 cores primarily for pre 2008 housings) Shear tool	CP-286851	\$312.00 (NET)	
Corbin (For M3 cores) LFIC Shear tool	CP-287371	\$312.00 (NET)	

Lubricants

Description	Part Number	Price
Fluid Film Spray (2.25oz.)	PX-KYLUBE-02	\$23.30
Fluid Film Spray (11.75oz.)	PX-KYLUBE-11	\$37.00

Key Machines

Description	Part Number	Price
Key Machine, Original, 115V	95-M11000	\$16,616.00
Key Machine, Biaxial, 115V	95-M23000	\$16,616.00
Key Machine, Universal, 115V	95-M34000	\$17,684.00
Key Machine, KM, 115V	95-M45000	\$16,616.00
Key Machine, Medeco X4, 115V	95-M55000	\$16,616.00
Key Machine, Medeco X4 A2/A4, 115V	95-M56000	\$17,209.00
Medeco KM Key Punch Machine	95-000200	\$4,524.00
Medeco X4 Key Punch Machine	95-001100	\$4,524.00

Power Key Machines are also available in 220V versions. Ask your customer service representative for details.

Note: Key Machines do not include keyway specific clamps. Must order from clamps shown below.

Key Machine Parts

Description	Part Number	Price
ITL 9700 M4 Insert - For M4 key cutting on the ITL 9700 and 9700A key machines	94-0326	\$285.00
Clamp Kit (Clamp, Handle, Plunger, QC Pin) - Medeco 4	95-210100-MED4	\$1,700.00
Clamp Retrofit Kit (Clamp, Handle, Plunger) - Medeco 4	95-210130-MED4	\$1,670.00
Clamp Kit (Clamp, Handle, Plunger, QC Pin) - Medeco ³	95-210100-MED3	\$1,700.00
Clamp Retrofit Kit (Clamp, Handle, Plunger) - Medeco ³	95-210130-MED3	\$1,670.00
Clamp Kit (Clamp, Handle, Plunger, QC Pin) - Universal (Selected Biax)	95-210100-UNIV	\$949.00
